

SERVICE ANNOUNCEMENT NOTICE

001/19012026

TRADEcho – Pre-Trade Re-architecture – Go-live Confirmation – Monday 26 January 2026

Further to our communication on [001/17122025](#), the purpose of this Service Announcement is to confirm the Monday 26 January 2026 go-live for the TRADEcho – Pre-Trade Re-architecture. During our Customer Dress Rehearsal (CDR) on Saturday 10 January 2026, clients were able to demonstrate connectivity and perform functional testing. On that basis, we will proceed with the go-live as planned on **Monday 26 January 2026**. From this date onwards, the existing production TRADEcho SI Quote FIX and Market Data gateways will **not** be available, and customers **must** submit their SI Quotes and/or receive SI Quotes Market Data using the new Pre-Trade Quotes environment.

Final Go/No-Go confirmation will be available on the [Weekend Activity Monitor](#) from 18:00 UK Time on Saturday 24 January 2026.

Please escalate as a matter of urgency any issues experienced during go-live to our Support team at support@lseg.com.

TRADEcho Pre-Trade Re-architecture – TCP Responder and Heartbeat Generator

Clients must ensure that all their relevant FIX and Market Data connections are targeting the new TRADEcho Pre-Trade Production gateways prior to start of trading on Monday 26 January 2026.

To verify connectivity to the new system the TCP Responder and Heartbeat Generator tools will be available from 20:00 on Saturday 24 January 2026 – 22:00 on Sunday 25 January 2026.
