TRADEcho 3.10 Release Production Go-Live – 6 December 2021

Further to the Service Announcement, 001/23112021, the purpose of this Service Announcement is to inform customers that the TRADEcho 3.10 production release go-live will be on Monday 6 December 2021.

As a reminder, TRADEcho release 3.10 includes the following changes:

- Enrichment of the Chatbot features
- Improved labelling on the TRADEcho Web Portal

For a full list of changes customers can view the updated specifications and release notes via the following link.

[Technical Library Trade - Resources | London Stock Exchange – TRADEcho – Next Functional Release](#)

Please note, that following some further internal testing, the improved FIX message throttling mechanism for quote submission will no longer form part of this release. A further communication on this functionality will be released in due course.

This release contains no mandatory changes and as such, no mandatory certification is required. Customers that do make changes to their software will need to complete a full certification test.
