SECTION 1: INTRODUCTION

1.1 Overview

This document sets out the rules and responsibilities in relation to a company’s admission to trading and ongoing disclosure obligations for companies seeking admission, or already admitted, to trading on the Exchange’s markets and additional requirements for designations.

Defined terms are in bold and definitions can be found in the Glossary.

References to times shall mean London time.

The rules include guidance, which can be located directly below the rule, in italics. From time to time, the Exchange may also issue separate guidance notes on specific issues which may affect certain companies.

The rules for trading securities are set out in the “Rules of the London Stock Exchange”.

1.2 Purpose

The Exchange operates a regulated market and two MTFs, which are registered with the FCA. The Main Market is the Exchange’s regulated market and includes issuers admitted to trading on the Official List (premium or standard listing), the High Growth Segment and the Specialist Fund Segment. The Exchange’s MTFs include AIM and an MTF on which all other MTF securities are traded, including ISM, PSM and ATT Only securities.

The Exchange is a Recognised Investment Exchange under UK law. This means the Exchange must ensure that all securities admitted to trading on its markets, and all dealings in those securities are conducted in accordance with the primary and secondary market regulatory obligations set out in the FCA’s sourcebook for Recognised Investment Exchanges. This requires minimum standards to be placed upon companies seeking to have their securities admitted to trading.

In developing the Standards, which are set out this document, we have applied the following principles:

- to provide companies which meet the admission requirements with access to the Exchange’s markets;
- to promote investor confidence in the markets we operate;
- to maintain the quality and attractiveness of the Exchange’s markets to companies and investors;
- to operate proper and orderly markets; and
- to minimise any overlap with the rules of an issuer’s competent authority.
1.3 Scope

The Standards apply to issuers on the Exchange's markets, but do not apply to AIM companies (other than Schedule 8 in relation to the Voluntary Carbon Market designation). Other than the compliance procedures set out at Section 5, the Standards do not apply to ISM.

The Standards also apply to an issuer with a prospectus approved by an EEA competent authority passporting to the UK for admission of its securities to a regulated market (with or without an application for the Official List), in accordance with the transitional provisions in Part V of the Official Listing of Securities, Prospectus and Transparency (Amendment) (EU Exit) Regulations 2019.

The Standards also apply to a Key Adviser in respect of relevant provisions to the High Growth Segment.

Where transferable securities (which have been admitted to trading on a regulated market) are admitted to trading on a MTF or the regulated market operated by the Exchange, without a request from the issuer, the Exchange does not require the issuer to demonstrate compliance with the initial, ongoing or ad hoc disclosure obligations set out in the Standards or the disclosure obligations defined in paragraph 9ZB of the Recognition Requirements Regulations.

For many issuers, a two-stage admission process will apply to companies who want to have their securities admitted to trading on the Exchange's markets, which will involve the securities being admitted to listing by the issuer's securities regulator as well as admitted to trading by the Exchange.

We require issuers that are admitted to trading on the Exchange's markets to comply with the disclosure obligations of the issuer's securities regulator to give investors dealing in those securities proper information for determining the current value of the securities and confidence that the market is well-regulated.

All of the Exchange's markets referred to above fall within the definition of a “prescribed market” for the purposes of the Financial Services and Markets Act 2000 (as amended) and are subject to the UK's market abuse regime.

1.4 Admission to the Exchange's markets

1.4.1 The route to admission

New applicants

To join the Exchange's markets, most companies need to show that they have met the minimum requirements of the relevant competent authority. Companies must also commit to comply with the Standards. However, we retain discretion and flexibility so that, in appropriate circumstances, some areas of the Standards can be tailored to reflect an individual issuer's needs. Derogations from the Standards are at the sole discretion of the Exchange and requests should be made in writing to the Exchange and give sufficient time for the Exchange to consider the request.

Where a prospectus is required to be published prior to admission to trading by the
ADMISSION AND DISCLOSURE STANDARDS

Exchange, the rules governing the publication of a prospectus are the Prospectus Regulation and the Prospectus Rules. A prospectus may also be required where an issuer is making an offer of its transferable securities to the public.

Issuers seeking admission to the listed segments of the Main Market or PSM should have regard to the relevant chapters of the Listing Rules and must be added to the Official List. Issuers applying to Shanghai-London Stock Connect or Shenzhen-London Stock Connect should also have regard to Schedule 7.

Issuers seeking admission to the Specialist Fund Segment should have regard to Schedule 4.

Issuers seeking admission to the High Growth Segment should have regard to the “High Growth Segment Rulebook” at Schedule 5 and which applies to all issuers seeking admission or admitted to that segment and their Key Advisers (as such term is defined in those rules), in addition to these rules.

Issuers seeking admission to ISM should comply with the ISM Rulebook and have regard to Section 5 of the Standards, as appropriate and as set out in the ISM Rulebook.

Issuers seeking admission to Admission to Trading Only should have regard to Schedule 6.

Prior to admission, new applicants who are applying for admission to trading must submit the appropriate forms within the timeframe set out in the Standards. The application includes the issuer’s agreement to be bound by the Standards, and all fields must be completed, including the proposed settlement solution for trading in the issuer’s securities. The Exchange considers applications on each business day.

Once admitted to trading, securities are traded on the Exchange’s Millennium Exchange trading system. Information on the different trading services is available in the Exchange’s Millennium Exchange and the TRADEcho Business Parameters, which is available on the Exchange’s website.

1.4.2 Additional guidance for certain securities

Debt securities

Debt securities are admitted to trading on the Main Market, ISM or PSM. They are traded on the Exchange’s dedicated trading services for debt securities, including the Order book for Retail Bonds and the Order book for Fixed Income Securities.

Sustainable Bond Market

The Sustainable Bond Market provides for a range of sustainable debt securities and can be granted to issuers admitted to any of the Exchange’s debt primary markets, subject to the criteria set out in the Sustainable Bond Market terms and conditions, as
set out on the Exchange's website.

Depositary receipts

Depositary Receipts are admitted to trading on the Main Market, PSM or ATT Only. They are traded on the Exchange's dedicated trading service for depositary receipts, the International Order Book.

Guidance

Issuers of depositary receipts may wish to consider admitting the maximum number of securities which the prospectus or listing particulars allow, in order to avoid having to produce a prospectus whenever new depositary receipts are created as part of the normal course of a depositary receipt programme.

ETFs & ETPs (including EEA ETFs)

ETFs and ETPs are admitted to trading on the Main Market.

Issuers of EEA ETFs should have regard to Rule 4.9 of Section 4 of the Standards and Part C of Schedule 1.

1.5 Transfers between the Exchange's markets and market segments

For any transfer between the Exchange's markets or market segments, an issuer must continue to comply with all applicable market rules and follow the full admission process for the market to which the issuer seeks admission to trading.

For further information relating to transfers between the Exchange’s markets, please contact the relevant team at the Exchange.

1.5.1 Transfers from AIM

A move from AIM to another of the Exchange’s markets will, in most cases, require the production of a prospectus.

1.5.2 Transfers from High Growth Segment to the Official List

Issuers wishing to transfer from the High Growth Segment to the Official List are required to follow the process set out in the High Growth Segment rulebook contained in Schedule 5.

1.5.3 Transfers to ISM

Issuers wishing to transfer debt securities from any of the Exchange’s markets to ISM are required to comply with the general requirements for admission to trading on ISM (as set out in Section 1 of the ISM Rulebook).

1.5.4 Transfers between all other markets

Issuers wishing to transfer from any of the Exchange’s markets not listed in 1.5.1, 1.5.2 or 1.5.3 above are required to do the following:
• comply with the Standards including the procedures set out in Schedule 1 (and where relevant, the criteria contained in Schedules 4 or 6). Issuers that wish to transfer between listing categories should have particular regard to Rule 4.2A of Section 4 of the Standards;

• issue an announcement via a Regulatory Information Service disclosing the issuer’s intention to transfer to the relevant market at least five business days before the transfer is to take place; and

• where relevant, confirm whether a prospectus or listing particulars is required.

1.6 Communication with the Exchange

The Exchange’s relationship with issuers is a matter of fundamental importance to the Exchange. Companies applying for admission to the Exchange’s markets for the first time are encouraged to approach us at the earliest possible stage and, in any event, no later than the timetable outlined in the Standards.

New applicants are required to identify a contact within their organisation who will be responsible for communications with the Exchange, both during the initial application process and on an ongoing basis – this gives us a clear channel for communicating directly with the issuer.

The issuer’s contact should be one of the issuer’s directors or senior employees and should be fully conversant with all of the issuer’s responsibilities relating to the trading of its securities on the Exchange’s markets. If an applicant would like to discuss its application with the Exchange, we would welcome the opportunity to meet prior to admission.

The issuer’s contact needs to be able to respond to requests and day-to-day market enquiries from us and, in particular, be available before the Exchange’s markets open each morning to resolve any issues which could impact on the market’s orderly operation. To ensure that someone is available to answer questions, we encourage issuers to appoint a designated representative from another organisation in addition to the company contact to help cover the day-to-day enquiries. The designated representative is normally the issuer’s corporate broker, financial adviser, lawyer or accountant. Applicants and issuers will at all times be responsible for the actions and communications made to the Exchange by a designated representative.

1.7 Continuing obligations

The Exchange has a responsibility to ensure that it operates proper and orderly markets. In order to achieve this, it is essential that issuers on the Exchange’s markets publish price-sensitive information on a timely basis in accordance with UK MAR and (if applicable) the rules of their securities regulator, which impose a general obligation on issuers whose securities are admitted to trading on a regulated market or MTF to release information of this type. Such information must be published via a Regulatory Information Service. The timely publication of information benefits companies by allowing the market in their securities to function properly and benefits investors by ensuring that all participants are operating on an equal basis.
The Standards relating to disclosure of information to the Exchange are outlined in ‘Continuing Obligations’ and include a requirement for an issuer to inform the Exchange of the timetable for any corporate action affecting the rights of existing shareholders.

1.8 Compliance

It is vital that compliance with the Standards is enforced for the benefit of all issuers and the Exchange’s markets as a whole. Compliance with the Standards is important to ensure that we continue to operate high-quality and orderly markets and that there is suitable protection for all market participants.

As far as possible, when a breach is detected, action is taken on a timely basis. In particular, we are able to suspend trading in an issuer’s securities and, in extreme circumstances, to cancel the right of an issuer’s securities to be traded. We can also censure an issuer (privately or publicly) or issue a fine, if it has breached the Standards. The procedures relating to disciplinary and appeals matters are set out in the Compliance Procedures.

1.9 Fees

The admission fee is calculated in accordance with the Exchange’s scale of fees as set out in the document “Fees for issuers”. This publication, as updated from time to time, can be found on the Exchange’s website.

The Exchange reserves the right to cancel an issuer’s securities (in accordance with Rule 4.20 of Section 4 of the Standards) or refuse an application for admission to trading where an applicant or issuer fails to pay applicable fees owed by it to the Exchange.

1.10 Confidential Information

All communications between the Exchange and an issuer (either directly or via its advisers) are confidential to the Exchange and should not be disclosed without the prior written consent of the Exchange, except as required by any applicable regulatory or statutory body.

This Rule 1.10 continues to apply to the issuer, even where the issuer ceases to be admitted to trading.

1.11 Jurisdiction

When an issuer ceases to have any securities admitted to trading:

(a) the Exchange retains jurisdiction over the issuer for the purposes of investigating and/or taking disciplinary action in relation to breaches or suspected breaches of the Standards at a time when the issuer had a class of securities admitted to trading; and

(b) Rules 4.4 and 4.5 of Section 4 of the Standards shall continue to apply to the issuer for the purposes of any information or explanation which the Exchange requests to discharge its legal responsibilities and/or regulatory function
including, without limitation, for the purposes of investigating and/or taking disciplinary action relating to breaches or suspected breaches of the Standards.
SECTION 2: ADMISSION CONDITIONS

Issuers must satisfy the obligations set forth in this section to enable the Exchange to perform its functions and meet its regulatory responsibilities as a Recognised Investment Exchange and operator of a regulated market and MTFs.

PART 1 – ADMISSION CONDITIONS

2.1 An application for admission to trading of any class of securities must:

(a) relate to all securities of that class, issued or proposed to be issued; or

(b) if securities of that class are already admitted to trading on the Exchange’s markets, relate to all further securities of that class, issued or proposed to be issued.

Guidance to Rule:

For UK incorporated issuers that are subject to the Listing Rules, an application for admission to trading of any class of securities must relate only to securities which are listed or proposed to be listed or equivalent.

2.2 An issuer must be in compliance with the requirements of:

(a) any securities regulator by which it is regulated; and/or

(b) any stock exchange on which it has securities admitted to trading.

2.3 In the case of transferable securities, all such securities must be freely negotiable.

2.4 Securities that are admitted to trading on any regulated market operated by the Exchange must be capable of being traded in a fair, orderly and efficient manner.

2.5 The Exchange may refuse an application for the admission to trading of securities if it considers, in its absolute discretion, that:

(a) the applicant’s situation is such that admission of the securities may be detrimental to the orderly operation of the Exchange’s markets and/or to the integrity or reputation of such markets;

(b) the applicant does not and/or will not comply with the Standards or with any special condition imposed upon the applicant by the Exchange; and/or

(c) the securities are better suited to another of the Exchange’s markets or segments.

2.6 Issuers must confirm that they meet the criteria and requirements of the market to which they are applying.
GUIDANCE TO RULE:

Issuers are required to tick the relevant box on the Form 1 to indicate the market to which they are seeking admission and/or select the market when making a submission via the SSP.

Settlement

2.7 To be admitted to trading, securities must be eligible for electronic settlement. The issuer must inform the Exchange at the time of application of the chosen settlement mechanism and if settlement restrictions will apply to any securities to be considered for admission.

Guidance to Rule:

The Exchange requires that an appropriate settlement solution is in place, dependent upon the trading platform on which the securities are to be traded. Accepted central security depositaries include Euroclear UK & Ireland, Euroclear Bank, Depository Trust Clearing Corporation (DTCC) or Monte Titoli S.p.A.. Other central securities depositaries will be considered on a case-by-case basis.

Issuers should note that certain of the Exchange’s trading services have trades cleared by central counterparties. In these cases, the securities have to be eligible for the central counterparty as well as the central securities depositary. In addition, the central counterparties may restrict where settlement can occur.

Communication

2.8 An issuer must identify a contact within their organisation who will be responsible for communications between the Exchange and the issuer, and the Exchange must be notified in writing of any changes thereafter. An issuer may also wish to use a designated representative. The issuer will be responsible for all actions and communications with the Exchange made on its behalf by a designated representative.

Guidance to Rule:

The contact should be fully conversant with the issuer’s responsibilities under the Standards and will be either a director or senior employee of the issuer in a position to act as the Exchange’s point of contact. At the issuer’s discretion, a designated representative from another organisation may also be selected to act as the primary day-to-day contact point with the Exchange on regulatory matters. Details of the issuer’s contact and any designated representative must be provided to the Exchange at the time of the application for admission to trading and the Exchange must be notified in writing of any changes thereafter.

2.9 An issuer must ensure that all information provided in connection with the application for admission to trading is in all respects complete, accurate and not misleading. An issuer must be open, honest and co-operative in all dealings with the Exchange.

PART 3 – ADMISSION PROCESS

Early notification

2.16 In addition to the application requirements as set out in the Standards, an applicant who proposes to admit new securities should notify the Exchange, via the prescribed early notification form, no later than when it provides its eligibility letter or eligibility checklist, as applicable, to the Listing Transactions
team of the FCA (or at least five business days prior to proposed admission to trading of new debt securities\(^1\) and 30 business days prior to proposed admission to trading on the Specialist Fund Segment, High Growth Segment or ATT Only\(^2\)). An applicant must, in a timely manner, provide the Exchange with such further information that it requests. Notifications should be made to en@lseg.com. An issuer proposing to admit securities that will be the subject of an application for admission to trading must agree the timetable for the admission to trading of those securities in advance with the Exchange.

**Guidance to Rule:**

The *Form 1* should be sent to the *Exchange* (marked for the attention of “Admissions”) and/or a submission made via the *SSP*.

**Effective admission**

2.17 Admission of securities becomes effective only when the decision of the Exchange to admit the securities to trading has been announced by the Exchange via a Regulatory Information Service.

**Publication of admission documentation on the Exchange’s website**

2.18 As soon as an applicant has electronically published either a registration document, prospectus, listing particulars, admission particulars or a similar document, in association with an admission to one of the Exchange’s markets, the applicant must provide a copy of the published document to the Exchange. The Exchange may in turn make such document available on the Exchange’s website. A copy should be sent to en@lseg.com.

---

\(^1\) For the avoidance of doubt, this does not include drawdowns under a programme, but does apply to an existing issuer of new standalone debt securities.

\(^2\) In respect of an issuer that is already admitted to trading on the Specialist Fund Segment or High Growth Segment, this notification requirement applies if there is a new line of securities being issued.
SECTION 3: APPLICATION RULES

Introduction

This section includes rules and guidance in respect of provisional applications and formal applications of securities for admission to trading.

Provisional application

3.1 To ensure the Exchange can properly consider any application for admission to trading the issuer must comply with the procedure contained in Part A of Schedule 1. Amendments to Schedule 1 will be made from time to time as the Exchange considers appropriate.

3.2 The issuer must submit a provisional application to the Exchange no later than ten business days before the application is to be considered.

Formal application

3.3 Save where otherwise agreed by the Exchange, an applicant must comply with the procedure contained in Part B of Schedule 1 in order to make its formal application to the Exchange.

3.4 The Exchange will not ordinarily admit securities to trading without each of the documents and items listed in Part B of Schedule 1 having been lodged with the Exchange (marked for the attention of “Admissions”) in so far as they are relevant. All documents submitted to the Exchange must be written in English and submitted electronically.

3.5 Part C of Schedule 1 sets out additional requirements for certain securities.

Further issues

3.6 When further issues of securities are allotted of the same class as securities already admitted to trading on the Exchange’s markets, issuers must assess whether either a prospectus or listing particulars are required. If applicable, these must be submitted to the FCA for review and approval in accordance with its rules. Application for admission of such further securities by submitting a Form 1 and/or making a submission via the SSP, must also be made, at the same time as the application for listing where applicable, and in any event not later than 48 hours before the application is to be considered.

Fees

3.7 An invoice for the admission fee will be raised on admission. The admission fee is calculated in accordance with the Exchange’s scale of fees (see Rule 4.11 of Section 4 of the Standards). Payment of the admission fee must be received no later than 30 days after the date of this invoice.

When Issued Dealing

3.8 If a request for when issued dealing is to be considered, the procedure in Schedule 2 must be followed.
3.9 The Exchange may refuse when issued dealing if it considers that:

a) the when issued dealing may be detrimental to the orderly operation of the Exchange's markets or to the integrity or reputation of such markets; or

b) the applicant for when issued dealing does not and/or will not comply with the Standards or with any special condition imposed upon the applicant by the Exchange.

Guidance to Rule:

All when issued dealing trades will be for deferred settlement and if the resulting securities are not admitted to trading on an unconditional basis, every when issued dealing trade effected is void.

After admission

3.10 Where relevant, a statement of the number of securities which were, in fact, issued and, where different from the number which were the subject of the application, the aggregate number of securities of that class in issue must be lodged with the Exchange (marked for the attention of “Admissions”) as soon as it becomes available.

3.11 An issuer who proposes to change its name must, as soon as possible, notify the Exchange in writing of the change, stating the date on which it has taken effect. The issuer should provide the Exchange with a copy of the revised change of name document as issued by the relevant registrar of companies in the issuer's country of incorporation.

Block admission

3.12 Where an issuer admits securities that will not be allotted prior to admission and that do not require a prospectus or listing particulars, the issuer may make an application for a block admission. These admissions may be pursuant to employee share schemes or the exercise of options.

Guidance to Rule:

Where an issuer wishes to admit securities on a regular basis, they may make an application for a block admission. Block admissions will usually be for the reasons stated in Rule 3.12 but the Exchange will consider requests for other reasons. The Exchange will monitor the correct usage of this facility and the number of block admission applications per issuer.
SECTION 4: CONTINUING OBLIGATIONS

General

4.1 In order for its securities to be admitted to trading and to remain on the Exchange’s markets, issuers must be in compliance with:

(a) the requirements of any securities regulator by which it is regulated; and/or

(b) the requirements of any stock exchange on which it has securities admitted to trading; and

(c) the provisions set out in the Standards, including any modification to the application of the Standards which has been notified via the Exchange’s website.

This shall be without prejudice to any securities regulator and/or stock exchange having rights to enforce compliance under its own rules and requirements, national law and regulations.

UK MAR provides for separate disclosure obligations for issuers admitted to the Exchange’s markets. The disclosure obligations in UK MAR relate to the disclosure of inside information and disclosure of transactions by persons discharging managerial responsibilities (“PDMR”) and persons closely associated with them. UK MAR also provides for restrictions on PDMRs dealing during mandatory close periods. These obligations apply to issuers who have requested or approved admission of their securities on the Exchange’s regulated market or MTFs. The FCA, as the UK competent authority, is responsible for oversight and enforcement of UK MAR.

4.2 Issuers must notify the Exchange without delay of any change of status of the information provided in respect of the listing or admission to trading (or cancellation from trading) of the issuer’s securities on any other exchange or trading platform, where such admission or cancellation is at the application or agreement of the issuer.

4.2A An issuer admitted to trading on the Main Market that wishes to transfer between listing categories pursuant to Listing Rule 5.4A must notify the Exchange of its intention to transfer listing category. Such notification must be made as early as possible and no later than three business days before the transfer is due to take place. The notification should include details of the issuer, the relevant security and the change in listing category sought; an explanation of why the issuer is seeking to transfer; the date on which the issuer wishes the transfer to take effect; and contact details of the person the Exchange should liaise with in relation to the transfer.

4.3 Subject to the Exchange’s compliance with requirements of national law and regulations, the Exchange may make additions to, dispense with or modify the application of the Standards (either unconditionally or subject to conditions) in such cases and by reference to such circumstances as it considers appropriate.
Provision of information

4.4 Issuers and their designated representatives must provide to the Exchange without delay any information or explanation that the Exchange may reasonably require for the purpose of discharging its legal responsibilities and/or regulatory function, verifying whether the Standards are being or have been complied with or which relates to the integrity or orderly operation of the Exchange’s markets.

4.5 An issuer must deal with the Exchange promptly and in an open, transparent and co-operative way and should reasonably satisfy itself that all information provided by it to the Exchange is complete, accurate and not misleading and, if it comes to the subsequent attention of the issuer that the information provided does not meet this requirement, the issuer should advise the Exchange as soon as practicable.

Depositary receipts

4.6 An issuer of depositary receipts admitted to trading must ensure it has in place arrangements to provide to the Exchange each quarter, information on the number of securities issued and outstanding. An issuer of depositary receipts must also, upon request from the Exchange, provide an end of day number of securities issued and outstanding at any other time that the Exchange considers appropriate.

Guidance to Rule:

The quarterly information required under this rule is the quarterly average of each end of business day number of issued and outstanding depositary receipts. The information must be provided to the Exchange by the tenth business day of January, April, July and October in respect of the preceding calendar quarter. An issuer of depositary receipts may prefer to instruct their depositary bank to make this information available to the Exchange on their behalf.

Corporate actions

4.7 Issuers must inform the Corporate Actions Team at the Exchange (marked for the attention of the “Corporate Actions Team” and sent to ssn@lseg.com) in advance of any notification of the timetable for any proposed action affecting the rights of its existing holders of its securities traded on the Exchange’s markets. Issuers are reminded of their responsibilities in Rules 4.4 and 4.5, in particular any information provided to the Corporate Actions Team must be complete, accurate and not misleading.

4.8 Issuers must comply with the provisions of Schedule 3 in order to comply with Rule 4.7.

EEA ETFs

4.9 Issuers of EEA ETFs, for whom the FCA is not the listing authority, must:

(i) Have FCA recognition status.
(ii) Comply with the listing rules of the EEA state in which they are listed.
(iii) Notify a Regulatory Information Service as soon as possible of all
circulars, notices, reports (as required by the listing rules of the EEA state in which they are listed), at the same time as any such documents are issued.

Unless the full text of the document is provided to the Regulatory Information Service, the notification must set out where copies of the relevant document can be obtained.

(iv) Appoint a registrar in the UK if: (a) there are 200 or more holders resident in the UK; or (b) 10% of more of the equity securities are held by persons resident in the UK.

(v) Notify a Regulatory Information Service on a daily basis of the number of outstanding shares and the Net Asset Value per share.

Guidance to Rule:

In relation to sub-paragraph (iii) above, an issuer should also consider the requirements of any settlement venue for a UK registrar.

An issuer must consider its obligations under UK MAR.

An issuer must also adhere to the applicable continuing obligations contained within FSMA and the applicable implementation of the UCITS Directives.

Settlement

4.10 The Exchange requires that the securities continue to be eligible for electronic settlement, as set out in the Guidance to Rule 2.7 of Section 2 of the Standards.

Fees

4.11 An issuer with securities admitted to trading shall pay to the Exchange all applicable charges set out in the document “Fees for issuers” as soon as payment becomes due. This publication, as updated from time to time, can be found on the Exchange’s website.

Where an issuer fails to comply with this requirement, the Exchange may cancel the issuer’s securities in accordance with Rule 4.20.

Suspension

4.12 The Exchange will ordinarily suspend the admission to and trading of any securities on its markets if a listing of such securities is suspended.

4.13 The Exchange may suspend trading of such securities with effect from such time as it may determine, and in such circumstances as it thinks fit where the ability of the Exchange to ensure the orderly operation of its markets is, or may be, jeopardised, even if only temporarily.

4.14 Any request by an issuer to suspend trading of its securities must be confirmed to the Exchange in writing by the issuer or its designated representative.
4.15 Where trading has been suspended, the **Exchange** may impose such conditions as it considers appropriate prior to resumption of trading.

4.16 An **issuer** must continue to comply with the **Standards**, even when admission of its **securities** to trading is suspended, unless the **Exchange** otherwise agrees.

**Cancellation**

4.17 The **Exchange** will ordinarily cancel the **admission** to and trading of any **securities** on its markets if a **listing** of such **securities** is delisted by the relevant **competent authority** (and where the **issuer** has not undertaken a transfer in accordance with Rule 1.5 of Section 1 of the **Standards**). The **Exchange** may cancel an **issuer’s admission** to and trading of its **securities** if it is satisfied that there are special circumstances that preclude normal dealings in such **securities**. For the purposes of this paragraph, special circumstances may include a situation where the **securities’ listing** has been suspended for more than six months.

4.18 An **issuer** that wishes the **Exchange** to cancel the **admission** of its **securities** to trading must inform the **Exchange** in writing, not later than **20 business days** before the date of cancellation. An **issuer** is also required to announce the intended cancellation of any of its **securities** through a **Regulatory Information Service**. The **Exchange** will announce the cancellation of the **issuer’s securities** through the **Datasync Email Service** and through a **Regulatory Information Service**.

4.19 Cancellation at the request of the **issuer**, in accordance with Rule 4.18, will only be effective subject to the **issuer** complying with any legal or regulatory obligation and providing the **Exchange** with appropriate confirmation.

**Guidance to Rules**

*The Exchange* will not exercise its powers under Rules 4.12 to 4.19 (inclusive), in respect of an **issuer** which does not or no longer complies with the **Standards**, where suspension or cancellation of an **issuer’s securities** would, in the **Exchange’s** determination, be likely to cause significant damage to the interests of investors or the orderly functioning of the financial markets.

**Compliance and Appeals**

4.20 Where the **Exchange** considers that an **issuer** has contravened the **Standards** and considers it appropriate to impose any sanction as set out in Rule 4.21, it will follow the procedure set out in the **Compliance Procedures**.

4.21 If an **issuer** has contravened the **Standards**, one or more of the following actions may result:

(a) censure of the **issuer** and, in addition, publication of such censure;

(b) a fine; and/or

(c) cancellation of the right of the **issuer** to have its **securities**, or any **class** of
its securities, traded on the Exchange’s markets.

4.22 An issuer may appeal against a decision of the Exchange in relation to the application and interpretation of the Standards. The procedures for such appeals are set out in the Compliance Procedures.
SECTION 5 - COMPLIANCE PROCEDURES

DISCIPLINARY PROCESS

Where the Exchange believes there has been a breach of the Standards or the ISM Rulebook by an issuer, the Exchange may commence disciplinary action against such issuer. In this Section 5, references to a breach of the Standards also includes a breach of the ISM Rulebook. The Exchange may issue a warning notice and/or refer disciplinary matters to either the Executive Panel or the Disciplinary Committee. In appropriate cases (including where a greater sanction than the Executive Panel is authorised to impose is deemed appropriate by the Executive Panel), the Executive Panel may refer the case to the Disciplinary Committee.

There are a number of factors which the Exchange takes into account when considering what disciplinary action to take in relation to a rule breach. These are set out below:

- The seriousness, size and nature of the rule breach
- How the rule breach came to light
- The actual or potential market impact of the rule breach, and any likely repercussions
- The general compliance history of the issuer, and specific history regarding the rule breach in question
- Consistent and fair application of the rules (any precedents of previous similar rule breaches); and
- The responsiveness and conduct of the issuer in relation to the matter under investigation.

The Exchange's approach to regulation is aimed at maintaining the integrity, orderliness, transparency and good reputation of its markets and changing issuers' behaviour in those markets where necessary. The Exchange will investigate the facts of each case, seeking to understand why the rule breach occurred and will assess whether any remedial action the issuer has taken is adequate to prevent similar future occurrences.

The Executive Panel is a panel comprised of appropriately experienced senior members of the Exchange's staff. The procedures followed by the Executive Panel are set out in Rules 5.5 to 5.38 (inclusive). Any final decision of the Executive Panel (other than a decision to refer a matter to the Disciplinary Committee) may be appealed to the Appeals Committee. There is no appeal on interim decisions.

The Disciplinary Committee is drawn from a pool of appropriately experienced (non-Exchange) persons and its procedures are set out in Rules 5.39 to 5.80 (inclusive). The Disciplinary Committee may impose a wider range of sanctions than the Executive Panel and has discretion to publicise its findings. Any final decision of the Disciplinary Committee may be appealed to the Appeals Committee. There is no appeal on interim
ADMISSION AND DISCLOSURE STANDARDS

decisions.

The Appeals Committee is also drawn from a pool of appropriately experienced (non-Exchange) persons and hears appeals against the findings of both the Executive Panel and the Disciplinary Committee. The procedures followed by the Appeals Committee are set out in Rules 5.81 to 5.115 (inclusive). The Appeals Committee may uphold, quash or vary any decision it is asked to consider. The Appeals Committee decision is final.

PROCESS AND PROCEDURES

Burden of proof

5.1. The burden of proof shall be on the Exchange. The Exchange, the Executive Panel, the Disciplinary Committee or the Appeals Committee (as appropriate) shall not find an allegation proved unless it is satisfied on the balance of
ADMISSION AND DISCLOSURE STANDARDS

probabilities.

Market guidance

5.2. The Exchange reserves the right to publish, without disclosing the identity of any party concerned, in part, in summary or in full, the findings of the Executive Panel, Disciplinary Committee or Appeals Committee where the Exchange believes that to do so would be of assistance to the market.

WARNING NOTICES

Function of Warning Notices

5.3. The Exchange may issue a warning notice to an issuer for a breach of the rules.

5.4. A warning notice forms part of an issuer’s formal compliance record.

EXECUTIVE PANEL

Role

5.5. The Executive Panel shall, when acting as a tribunal of first instance, hear and determine charges against an issuer in respect of a breach of the Standards.

5.6. The Executive Panel shall, when acting as an appellate tribunal, hear and determine appeals by an appellant against a decision of the Exchange.

Disciplinary Powers

5.7. Where the Executive Panel acting as a tribunal of first instance finds an allegation proven on the balance of probabilities, the Executive Panel may:

5.7.1. issue a written warning (a private censure); or

5.7.2. impose a fine of up to £100,000 for each breach; or

5.7.3. refer the case to the Disciplinary Committee for hearing.

5.8. The Executive Panel may grant a consent order in respect of any settlement within its powers that may be negotiated between the Exchange and an issuer in relation to any disciplinary action taken by the Exchange.

Appeal powers

5.9. The Executive Panel may, when acting as an appellate tribunal, uphold, quash or vary (in accordance with the Standards) any decision by the Exchange which can be appealed under the Standards, or refer the matter to the Appeals Committee for further consideration.
Membership

5.10. Members of the Executive Panel shall be appropriately experienced senior members of the Exchange's staff.

5.11. The Executive Panel appointed pursuant to a referral or an appeal shall have between three and five members (including the Chairman) and shall have a quorum of three.

5.12. No member of the Exchange's staff who has been involved in the investigation or prosecution of the charge(s) in a disciplinary case shall be appointed to the Executive Panel considering that disciplinary case.

5.13. No member of the Exchange's staff who has been involved in a decision by the Exchange which is the subject of an appeal to the Executive Panel shall be appointed to the Executive Panel considering an appeal against that decision.

5.14. The names of the members of the Executive Panel will be disclosed to the issuer.

5.15. Each Executive Panel hearing a case shall appoint one of its members to be the Chairman.

5.16. A party may object to the membership of the Executive Panel on the grounds of conflict of interest or breach of Rule 5.12 or 5.13. Such objection must be notified in writing, promptly, and prior to the hearing of the case, to the Exchange. If the Executive Panel upholds the objection, it will take appropriate action to address the objection. The decision of the Executive Panel under this rule is an interim decision and cannot be appealed separately from an appeal against the final decision of the Executive Panel under Rule 5.34.

Confidentiality

5.17. Other than as set out in the Standards, and other than as between a party and its advisers, each party shall keep confidential any matters relating to any proceedings save where disclosure is permitted or required by law.

Mode of referral when acting as a tribunal of first instance

5.18. Proceedings before the Executive Panel shall be commenced by the Exchange submitting a statement of case to the issuer. The statement of case shall set out the charge(s) and all material facts taken into account and shall have attached to it copies of all documents relevant to the charge(s).

5.19. The issuer may, within five business days (or such other period agreed between the parties) of receipt of the statement of case, submit to the Exchange a statement of response setting out all material facts and having attached to it copies of all documents relied upon.

5.20. The Chairman of the Executive Panel may vary the period referred to in Rule 5.19 at the request of the issuer.
5.21. Following receipt of the issuer's statement of response, the Exchange shall submit to the Executive Panel the statement of case and the issuer's response (if any), together with copies of all other relevant documents.

Mode of referral when acting as an appellate tribunal

5.22. Appeals to the Executive Panel must be commenced by service of a notice in writing on the Exchange within 10 business days of the service of the decision by the Exchange. The notice should set out the name of the appellant, the decision appealed against, the grounds of appeal, all material facts and shall have attached to it copies of all documents relevant to the appeal. The notice should be copied to the Exchange's Company Secretary, who will ensure that the notice is transmitted to the Chairman of the Executive Panel.

5.23. The Exchange may, within 10 business days (or such other period agreed between the parties) of receipt of the notice under Rule 5.22, submit to the Chairman of the Executive Panel a statement of response setting out all material facts and having attached to it copies of all documents relied upon. Such statement shall be copied to the appellant (subject to any legal duty of confidentiality with respect to any details in such response).

5.24. On receipt of a notice under Rule 5.22 and any statement of response under Rule 5.23, the Chairman of the Executive Panel will arrange a hearing as soon as reasonably practicable.

5.25. The Chairman of the Executive Panel may vary the time periods referred to in Rules 5.22 to 5.24 (inclusive and other than the period during which an appeal may be made under Rule 5.22) at the request of either party.

Procedure

5.26. Save in circumstances where either party notifies the Chairman of the Executive Panel that it believes an oral hearing is essential to establish all the relevant facts and requests the Chairman to hold such an oral hearing, proceedings before the Executive Panel will take place through the consideration of documents with no oral hearing.

5.27. Where there is to be a hearing, in accordance with Rule 5.26, the Executive Panel will conduct it in private.

5.28. The parties may attend the hearing but any hearing may proceed in the absence of one or both of the parties.

5.29. The Executive Panel will give not less than five business days' notice of the time and place of any hearing to the parties. This notice period may be shortened with the agreement of the parties.

Deliberations and decisions

5.30. The Executive Panel may deliberate at any time and make any decision in the absence of the parties. The Executive Panel is entitled to reach decisions on a majority basis. Where a majority decision is reached, this will not be disclosed.
5.31. When considering appeals, the Executive Panel will only quash or vary a decision of the Exchange if it is satisfied, on the balance of probabilities, that the decision is a misinterpretation or an erroneous application of any of the Standards or is not justified by the evidence on which it is based.

5.32. Following its determination, the Executive Panel will notify the parties in writing of:

5.32.1. its decision;

5.32.2. the reason(s) for its decision;

5.32.3. in disciplinary cases, whether any penalty is to be imposed under Rule 5.7. Any fine must be paid by the issuer within 30 days of receipt of such notification unless appealed in accordance with the Standards; and

5.32.4. a time limit for lodging any appeal against the decision or any part thereof, which will be not less than 10 days from the date of service of the decision on the parties.

5.33. If the Executive Panel decides to refer a case to the Disciplinary Committee as set out under Rule 5.7.3, no public announcement will be made until the Disciplinary Committee has reached a decision.

Appeal

5.34. Appeals against final decisions of the Executive Panel (as notified to the parties under Rule 5.32) are heard by the Appeals Committee, in accordance with its procedures. Appeals must be commenced by service of a notice in writing on the Chairman of the Executive Panel within 10 business days of the service of the Executive Panel's decision (or such other time period as prescribed under Rule 5.32.4), setting out the name of the appellant, the decision appealed against, the grounds of appeal, all material facts and attaching copies of all documents relevant to the appeal.

5.35. On receipt of a notice under Rule 5.34, the Chairman of the Executive Panel will arrange for the appointment of a Secretary of the Appeals Committee, who will arrange a hearing as soon as reasonably practicable (and no later than one month).

5.36. The Chairman of the Executive Panel or the Appeals Committee may extend the time for appeal.

5.37. Notwithstanding Rule 5.34, appeals against decisions of the Executive Panel on grounds of new evidence (including those where there are other grounds of appeal), shall be heard by way of rehearing by the Executive Panel before the right of appeal to the Appeals Committee arises. Where the appellant wishes to rely on evidence which was not before the Executive Panel, this shall be stated in the appeal notice and copies or details of such evidence shall be attached to the notice.
Changes to the procedures

5.38. The Executive Panel may vary any of its procedures to adapt to the circumstances of any particular case.

DISCIPLINARY COMMITTEE

Role

5.39. The Disciplinary Committee shall, as a tribunal of first instance, hear and determine charges against an issuer in respect of a breach of the Standards.

Disciplinary powers

5.40. If the Disciplinary Committee finds an allegation proven on the balance of probabilities, it may impose one or more of the following sanctions:

5.40.1. a written warning (censure) which may be public or private;

5.40.2. an unlimited fine for each breach; and

5.40.3. cancellation of the right of the issuer to have its securities, or any class of its securities, traded on the Exchange's markets.

5.41. The Disciplinary Committee may grant a consent order in respect of any settlement that may be negotiated between the Exchange and an issuer in relation to any disciplinary action taken.

Membership

5.42 The Disciplinary Committee appointed pursuant to a referral shall have a quorum of three (including the Chairman). The maximum number of members of the Disciplinary Committee shall be seven. Any person whom the Disciplinary Committee co-opts will count as a member of the Disciplinary Committee.

5.43. Members of the Disciplinary Committee are drawn from a panel (the “panel”) appointed by the Exchange.

5.44. The Disciplinary Committee may co-opt any person whom it considers appropriate.

5.45. No-one who is a member of the Exchange's staff may be appointed or co-opted.

5.46. The Chairman may appoint a legally qualified adviser who shall be independent of any party. Such legal adviser will not be counted as a member of the Disciplinary Committee but shall advise the Disciplinary Committee on legal matters. The Chairman may replace the legal adviser.

5.47. Members of the Disciplinary Committee will notify the Secretary or the Chairman of any possible conflict of interest at the earliest possible opportunity and, in any event, prior to any hearing to be held under Rule 5.60 or 5.61. The Chairman will take appropriate action and will then notify the parties to the
disciplinary proceedings of the names of the members of the Disciplinary Committee and any proposed legal adviser. If any party to the disciplinary proceedings believes that a potential conflict of interest exists, it shall notify the Chairman in writing, at the earliest possible opportunity. The Chairman will take appropriate action.

5.48. Where the Disciplinary Committee wishes to co-opt a person or to appoint a person to replace a member unable to act whether because of illness, conflict of interest or otherwise and/or the Chairman wishes to replace the legal adviser and the hearing has commenced:

5.48.1. the appointment shall only take effect with the consent of the parties and the person co-opted or appointed will be subject to the provisions of Rule 5.66; and

5.48.2. if, in the absence of such consent, the Disciplinary Committee does not wish or is not able to continue with the hearing, it will cease to deal with the referral and an entirely new Disciplinary Committee will be appointed from the panel, and a new legal adviser will be appointed by the new Chairman in both cases in accordance with these procedures, and the hearing, but not any pre-hearing procedures, will start afresh in front of the new Disciplinary Committee.

Secretary

5.49. A Secretary (“the Secretary”) to the Disciplinary Committee shall be appointed by the Exchange. The parties will be notified of the name of the Secretary as soon as reasonably practicable. For the avoidance of doubt, the Secretary may be a member of the Exchange’s staff.

5.50. The Secretary will carry out any administrative functions. Any notices, notifications and other documents required to be submitted to the Disciplinary Committee must be served upon the Secretary who will ensure that copies are provided to the other parties, the members of the Disciplinary Committee and any legal adviser as appropriate. Where the Disciplinary Committee wishes to notify the parties of any matter it shall do so through the Secretary.

5.51. Any notices or other documents required to be served shall be served by delivering by hand or posting by first class post to the addresses set out below, save that the Secretary may agree with any of those referred to at Rules 5.51.1 and 5.51.2 a different place for service upon them:

5.51.1. in the case of an issuer, to its head office;

5.51.2. in the case of the Exchange, to the Secretary with a copy to the Company Secretary, at the Exchange’s registered office; and

5.51.3. in the case of any other party, to a place agreed with the Secretary.

5.52. Service shall be deemed effective on the date of delivery by hand or, where first class post is used, on the second day after posting.
Confidentiality

5.53. All communications relating to the proceedings (save those which would be privileged from production in a court of law) between the parties and with the Disciplinary Committee shall be channelled through the Secretary.

5.54. If any Disciplinary Committee member or the legal adviser is approached by any person to discuss any matter connected with the proceedings such member shall, without delay, notify the Chairman who will take appropriate action.

5.55. Other than as set out in the Standards, and other than as between the parties and their advisers, all parties shall keep confidential any matters relating to any proceedings save where disclosure is permitted or required by law.

Mode of referral

5.56. The Exchange shall refer cases to the Disciplinary Committee by service of a written statement of case on the Secretary, who will as soon as reasonably practicable serve a copy of the statement of case on the issuer. The statement of case shall set out the charges and a summary of the main facts to be relied on.

5.57. In the case of referral by the Executive Panel (under Rule 5.7.3), the Exchange shall serve a copy of the statement of case together with the statement of response made by the issuer.

Procedure

5.58. Following service of a statement of case pursuant to Rule 5.56 or 5.57:

5.58.1 the issuer may submit to the Disciplinary Committee a statement of response (or in the event of referral under Rule 5.7.3 – a further statement of response) and shall submit to the Disciplinary Committee a statement of all material facts and attach to it copies of all documents relied upon; and

5.58.2 each party will then notify the Disciplinary Committee of any directions to be sought at a pre-hearing review or their assessment that there is no need for a pre-hearing review.

5.59. The Secretary may, by agreement with the parties, set a timetable for the completion of the steps under Rule 5.58. If no agreement is reached, the Chairman of the Disciplinary Committee may specify, by notice in writing to the parties, the time limits within which the steps at Rule 5.58 are to be carried out.

Directions

5.60. Following the completion of the procedures set out in Rule 5.58, the Chairman or any member of the Disciplinary Committee whom he nominates may give any directions and take any other steps he considers appropriate for the clarification of the facts and issues and generally for their just, efficient and expeditious presentation and the determination of the matters in issue. The
Chairman or any member of the Disciplinary Committee whom he nominates may hold one or more pre-hearing reviews for those purposes and the determination of the matters in issue. By way of example, these directions may include:

5.60.1. fixing a time and place for any pre-hearing review and hearing;
5.60.2. by written consent of all parties, directing that the hearing or any part of the hearing shall proceed by written representations;
5.60.3. recording any admissions made by any party and any request to any party to make admissions;
5.60.4. directing any party to indicate whether it admits any particular fact(s) or document(s);
5.60.5. directing any party to disclose and serve copies of any documents;
5.60.6. setting time limits for any purpose of the proceedings;
5.60.7. extending or abridging time limits;
5.60.8. adjourning the pre-hearing review, with such orders as it thinks fit;
5.60.9. granting leave to amend (including adding documents to) any statement submitted pursuant to Rule 5.58;
5.60.10. varying any previous directions; and
5.60.11. making any order for the payment of costs of or in connection with pre-hearing preparation or any pre-hearing review.

The hearing

5.61. The Disciplinary Committee will usually conduct hearings in private, although an issuer which is subject to proceedings has the right to ask for such hearing to be conducted in public. An issuer requiring such hearing to be conducted in public shall notify the Chairman, in writing, at least five business days prior to commencement of the hearing.

5.62. A party may be legally represented at any pre-hearing review or hearing.

5.63. A party may submit evidence to the Disciplinary Committee at any time until two business days before the hearing.

5.64. The parties will be given not less than three business days’ notice of the time and place of a pre-hearing review and seven business days’ notice of the time and place of the hearing by the Secretary. Any shorter notice period may apply if the parties agree.

5.65. If any party fails to attend or be represented at a pre-hearing review or a hearing, the Disciplinary Committee may proceed in its absence.
5.66. At the hearing:

5.66.1. the members of the Disciplinary Committee and the legal adviser will be introduced to the parties by the Chairman who will state that each of the members and the legal adviser believes himself to have no conflict of interest in hearing the case;

5.66.2. the parties will be asked to confirm that there is no reasonable objection to any of the Disciplinary Committee members hearing the case or the legal adviser on the grounds of conflict of interest; and

5.66.3. if the Disciplinary Committee, which for these purposes shall exclude any member objected to and shall have a quorum of two, upholds an objection, it may appoint another person from the panel to replace any relevant member and where the objection relates to the legal adviser, the Chairman may appoint another person to replace the legal adviser; in all cases the appointment shall be made in accordance with these procedures.

5.67. Unless otherwise ordered by the Disciplinary Committee, the order of proceedings at the hearing shall be as follows:

5.67.1. the allegation(s) made by the Exchange will be read and the issuer will state whether the allegation(s) is/are admitted;

5.67.2. each party (the Exchange followed by the other party(ies)) may present its evidence and/or call witnesses, who may be cross-examined and re-examined by the other parties and questioned by the Disciplinary Committee, and may make submissions to the Disciplinary Committee; and

5.67.3. where the Disciplinary Committee is satisfied that any allegation has been proved it shall take into account any representations made by the parties on whether any, and if so what, sanction(s) should be imposed before deciding whether, and if so what, sanction(s) should be imposed.

5.68. At a hearing the Disciplinary Committee may:

5.68.1. admit any evidence whether oral or written, whether direct or hearsay, without any requirement that it be on oath and whether or not the same would be admissible in a court of law;

5.68.2. make any directions which may be given at a pre-hearing review, and vary any direction which has been made; and

5.68.3. make all such directions with regard to the conduct of and procedure at the hearing as the Disciplinary Committee considers appropriate for securing a proper opportunity for the parties to present their cases and otherwise as may be just.

5.69. A record of the pre-hearing review may be made at the request of any party or if the Chairman so decides. A transcription or copy of the record will be made available to a party on payment of the cost of making such transcription or copy or a proportion thereof as the Secretary in his discretion shall determine. For
the avoidance of doubt, it shall be sufficient for such record to be in the form of minutes taken by the Secretary.

5.70. A record of the hearing will be made. A transcription or copy of the record will be made available to a party on payment of the cost of making such transcription or copy, or a proportion thereof, as the Secretary in his discretion shall determine. For the avoidance of doubt, it shall be sufficient for such record to be in the form of minutes taken by the Secretary.

**Deliberations and decisions**

5.71. The Disciplinary Committee may deliberate at any time and make any decision in the absence of the parties. The Disciplinary Committee may adjourn any hearing at any time as it thinks fit. The Disciplinary Committee is entitled to reach decisions on a majority basis. Where a majority decision is reached, this fact will not be disclosed. In the case of an equality of votes, the Chairman shall have a second or casting vote.

5.72. Following the conclusion of the proceedings, the Disciplinary Committee will notify the parties in writing of:

5.72.1. its decision(s), including any penalty under Rule 5.40 and any statement intended for publication;

5.72.2. the reason(s) for its decision(s);

5.72.3. any order for costs to be imposed; and

5.72.4. a time limit for the lodging of any appeal against the written decision or any part thereof which will be not less than 10 business days from the date of service on the parties of the written decision, save in exceptional circumstances where the Disciplinary Committee may order a shorter period.

5.73. The matters at Rules 5.72.1 to 5.72.3 (inclusive) will not take effect until the expiry of the period for the lodging of any appeal or any extension thereof. If an appeal is lodged in relation to any or all of Rules 5.72.1 to 5.72.3 (inclusive), the relevant matters at Rules 5.72.1 to 5.72.3 (inclusive) will not take effect until the appeal is withdrawn or the Disciplinary Appeals Committee orders that they or any of them shall take effect.

5.74. The Disciplinary Committee may order any party to pay such reasonable costs as it thinks fit, regardless of any finding or the outcome of the case. Such costs may include the remuneration and expenses of members of the Disciplinary Committee, the legal adviser, the Secretary and any costs incurred by the other party in the preparation and presentation of its case. Costs may be awarded against the Exchange only if, in the opinion of the Disciplinary Committee, the Exchange has acted in bad faith in bringing or conducting the proceedings. Such order will be made only after the parties to the proceedings have been given the opportunity to make submissions on costs to the Disciplinary Committee.
5.75. Any fine shall be paid within 30 days of receipt of the written decision of the Disciplinary Committee or the conclusion of any appeal against that determination and any costs ordered to be paid shall be paid within 30 days of receipt of the notification in writing of the amount payable.

5.76. The Disciplinary Committee may publish part or all of its written decision or a summary of it, and the reasons for the decision. Where the sanction imposed is a private censure, the Disciplinary Committee may publish its decision in part or a summary of it and the reasons for the decision without revealing the identity of the issuer sanctioned.

Appeal

5.77. Appeals must be made by service of a notice in writing, within 10 business days of the service of the Disciplinary Committee’s decision, setting out the name of the appellant, the decision appealed against, the grounds of appeal, the principal matters relied upon and attaching copies of any documents relied upon on to the Secretary to the Disciplinary Committee, who will as soon as reasonably practicable serve a copy on the other party. Where the appellant wishes to rely on evidence or documentation which was not before the Disciplinary Committee, this shall be stated in the notice together with details of such evidence and copies of such documentation shall be attached to the notice.

5.78. On receipt of a notice under Rule 5.77, the Secretary to the Disciplinary Committee will arrange for the Exchange to appoint the Chairman and Members of the Appeals Committee and the Chairman will arrange a hearing as soon as reasonably practicable.

5.79. The Disciplinary Committee or the Appeals Committee may extend the time for appeal.

Changes to the procedures

5.80. The Disciplinary Committee may vary any of these procedures to adapt to the circumstances of any particular case.

APPEALS COMMITTEE

Role

5.81. The Appeals Committee shall hear and determine appeals against decisions of the Disciplinary Committee made pursuant to referrals made under Rule 5.77 and appeals against decisions of the Executive Panel made pursuant to Rule 5.34.

Sanctions

5.82. The Appeals Committee may uphold, quash or vary any decision by the Disciplinary Committee or the Executive Panel. In the case of an appeal from the Executive Panel in a disciplinary case, the Appeals Committee may vary any penalty imposed by the Executive Panel subject to imposing a maximum
fine of £100,000 for each breach.

Membership

5.83. The Appeals Committee appointed following service of a notice pursuant to Rule 5.34 or Rule 5.77 (as applicable) shall have a quorum of three (including the Chairman). The maximum number of members of the Appeals Committee shall be seven. Any person whom the Appeals Committee co-opts will count as a member of the Appeals Committee.

5.84. Members of the Appeals Committee are drawn from the panel referred to in Rule 5.43.

5.85. The Appeals Committee may co-opt any person whom it considers appropriate.

5.86. The Chairman may appoint a legally qualified adviser who shall be independent of any party. Such legal adviser will not be counted as a member of the Appeals Committee but shall advise the Appeals Committee on legal matters. The Chairman may replace the legal adviser.

5.87. No-one who served on the Disciplinary Committee, whose decision is the subject of the appeal, nor its legal adviser nor anyone who is at the relevant time a member of the Exchange’s staff, may be appointed or co-opted to the Appeals Committee.

5.88. Members of the Appeals Committee will notify the Secretary or the Chairman of any possible conflict of interest at the earliest possible opportunity and in any event prior to any hearing to be held under Rule 5.99 or 5.100. The Chairman will take appropriate action and will then notify the parties to the disciplinary proceedings of the names of the members of the Appeals Committee and any proposed legal adviser. If any party to the disciplinary proceedings believes that a potential conflict of interest exists, it shall notify the Chairman at the earliest possible opportunity. The Chairman will take appropriate action.

5.89. Where the Appeals Committee wishes to co-opt a person or to appoint a person to replace a member unable to act whether because of illness, conflict of interest or otherwise and the hearing has commenced:

5.89.1. the appointment shall only take effect with the consent of the parties and the person co-opted or appointed will be subject to the provisions of Rule 5.103; or

5.89.2. if, in the absence of consent in accordance with Rule 5.89.1, the Appeals Committee does not wish or is not able to continue with the hearing, it will cease to deal with the appeal and an entirely new Appeals Committee will be appointed in accordance with these procedures and the hearing, but not any pre-hearing procedures, will start afresh in front of the new Appeals Committee.

5.90. The Secretary will carry out any administrative functions and act as secretary
ADMISSION AND DISCLOSURE STANDARDS

to the Appeals Committee. The parties will be notified of the name of such person as soon as reasonably practicable. For the avoidance of doubt, the Secretary may be a member of the Exchange's staff and notwithstanding Rule 5.87 may be the same Secretary who was Secretary of the Disciplinary Committee.

5.91. Any notices, notifications and other documents required to be submitted to the Appeals Committee must be served upon the Secretary who will ensure that copies are provided to the other parties, the members of the Appeals Committee and any legal adviser as appropriate. Where the Appeals Committee wishes to notify the parties of any matter it shall do so through the Secretary.

5.92. Any notices or other documents required to be served shall be served by delivering by hand or posting by first class post to the addresses set out below, save that the Secretary may agree with any of those referred to at 5.92.1 to 5.92.2 a different place for service upon them:

5.92.1. in the case of an appellant, to its head office;

5.92.2. in the case of the Exchange, to the Secretary with a copy to the Company Secretary, at the Exchange's registered office; and

5.92.3. in the case of any other party, to a place agreed with the Secretary.

5.93. Service shall be deemed effective on the date of delivery by hand or, where first class post is used, on the second day after posting.

Confidentiality

5.94. All communications relating to the proceedings (save those which would be privileged from production in a court of law) between the parties and with the Appeals Committee shall be channelled through the Secretary.

5.95. If any Appeals Committee member or the legal adviser is approached by any person to discuss any matter connected with the hearing, the member or legal adviser, as appropriate, shall notify the Chairman without delay, who will take appropriate action.

5.96. Other than as set out in the Standards, and other than as between the parties and their advisers, all parties shall keep confidential any matters related to the appeal save where disclosure is permitted or required by law.

Procedure

5.97. Following service of a notice pursuant to Rule 5.34 or 5.77 and the appointment of the Appeals Committee:

5.97.1. the appellant may submit to the Appeals Committee a statement amending or expanding upon the notice; and

5.97.2. any other party may submit to the Appeals Committee a statement in
support of its case and any such party wishing to rely on evidence or documents not already before the Appeals Committee must submit a statement containing details thereof and attach to it copies of any such documents.

5.98. If both parties consent in writing to the Secretary, the appeal may be by written submissions only.

Directions

5.99. The Appeals Committee shall make any directions including any that may be made by the Disciplinary Committee and take any other steps it considers appropriate including holding pre-hearing reviews for the clarification of the facts and issues and generally for their just, efficient and expeditious presentation and the proper determination of the appeal.

The hearing

5.100. The Appeals Committee will usually conduct hearings in private, although an appellant which is subject to proceedings has the right to ask for such hearing to be conducted in public. An appellant requiring such hearing to be conducted in public shall notify the Chairman at least five business days prior to commencement of the hearing.

5.101. Any party may be legally represented at any hearing.

5.102. The parties will be given not less than 10 business days' notice of the time and place of the hearing by the Secretary. The notice period may be shortened with the consent of the parties.

5.103. If a party fails to attend or be represented at any hearing or pre-hearing review, the Appeals Committee may proceed in its absence.

5.104. At the hearing:

5.104.1. the members of the Appeals Committee and the legal adviser will be introduced to the parties by the Chairman who will state that each of the members and the legal adviser believes himself to have no conflict of interest in hearing the appeal;

5.104.2. the parties will be asked to confirm that there is no reasonable objection to any of the Appeals Committee members hearing the appeal or to the legal adviser on the grounds of conflict of interest or otherwise; and

5.104.3. if the Appeals Committee, which for these purposes shall exclude any member objected to and shall have a quorum of two, upholds an objection, the Chairman may appoint a replacement in accordance with these procedures.

5.105. The order of proceedings shall be at the discretion of the Appeals Committee.

5.106. No party may rely on any statement or document not served on the Appeals
Committee more than two **business days** before the hearing save with the leave of the Appeals Committee.

5.107. Save in exceptional circumstances and with the leave of the Appeals Committee, no party may present evidence (including calling new witnesses) that was not available to the Disciplinary Committee or the Executive Panel, although additional submissions may be made. Whether such new evidence should be permitted and, where it is permitted, the procedure for its presentation shall be decided on a case-by-case basis by the Appeals Committee.

5.108. A record of any hearing will be made. A transcription or copy of the record will be available to any party, on payment of the cost of making such transcription or copy or a proportion thereof as the Secretary in his discretion shall determine. For the avoidance of doubt, it shall be sufficient for such record to be in the form of minutes taken by the Secretary.

**Deliberations and decisions**

5.109. The Appeals Committee may deliberate at any time and make any decision in the absence of the parties. The Appeals Committee may adjourn any hearing at any time as it thinks fit. The Appeals Committee is entitled to reach decisions on a majority basis. Where a majority decision is reached, this will not be disclosed. In the case of an equality of votes, the Chairman shall have a second or casting vote.

5.110. The Appeals Committee will only quash or vary a decision of the Disciplinary Committee or the Executive Panel if it is satisfied, on the balance of probabilities, that the decision is a misinterpretation of or an erroneous application of any of the **Standards** or is not justified by the evidence on which it is based.

5.111. Following the conclusion of the proceedings, the Appeals Committee will notify the parties in writing of:

5.111.1. its decision(s), including any statement intended for publication;

5.111.2. the reason(s) for its decision; and

5.111.3. any order for costs to be imposed.

5.112. The Appeals Committee may order any party to the proceedings to pay such reasonable costs as it thinks fit regardless of any finding or the outcome of the case. Such costs may include the remuneration and expenses of members of the Appeals Committee, the Secretary and the legal adviser and any costs incurred by any other party in the preparation and presentation of its case. Costs may be awarded against the **Exchange** only if, in the opinion of the Appeals Committee, the **Exchange** has acted in bad faith in bringing or conducting the proceedings. Such order will be made only after the parties to the proceedings have been given the opportunity to make submissions on costs to the Appeals Committee.
ADMISSION AND DISCLOSURE STANDARDS

5.113. Any fine shall be paid within 30 days of receipt of the written decision of the Appeals Committee and any costs ordered to be paid shall be paid within 30 days of receipt of the notification in writing of the amount payable.

5.114. The Appeals Committee may publish part or all of its written decision or a summary of it, and the reasons for the decision. The decisions of the Appeals Committee are binding.

Changes to the procedures

5.115. The Appeals Committee may vary any of these procedures to adapt to the circumstances of any particular case.

CONSENT ORDERS

5.116. At any time after the Exchange has decided to refer a case to the Executive Panel or the Disciplinary Committee, the Exchange and the issuer may, without prejudice, negotiate a proposed settlement (“consent order”) and jointly submit it in writing to the Executive Panel or Disciplinary Committee for approval. A disciplinary action may at the discretion of the Exchange be delayed, and if already commenced – halted, by the commencement of the negotiation of a consent order.

5.117. At the request of the issuer, the consent order submitted to the Disciplinary Committee for approval may be anonymous, provided that this will have no impact on the decision taken by the Disciplinary Committee. The Disciplinary Committee retains the right to insist that the name of the issuer is disclosed to them.

5.118. If the Executive Panel or Disciplinary Committee approve the proposed consent order, or any variation agreed by the Exchange and the issuer, it shall immediately make the order.

5.119. The consequences of a consent order made by the Executive Panel or Disciplinary Committee shall be the same as those of a decision made by the Executive Panel or Disciplinary Committee sitting as a tribunal of first instance, except that there can be no appeal and the consent order and penalties on any charges to which it relates shall have immediate effect.

5.120. The Executive Panel or Disciplinary Committee shall, in considering the consent order, take into account and give due weight to the fact that the parties are jointly applying for the consent order to be made.

5.121. If the Executive Panel or Disciplinary Committee does not approve the proposed consent order, there shall be no reference in any hearing before the Executive Panel or Disciplinary Committee to the negotiations, the proposed consent order or the submissions made to the Executive Panel or Disciplinary Committee, all of which shall be confidential.

5.122. Where Rule 5.121 applies, the Executive Panel or Disciplinary Committee constituted to hear the disciplinary charges shall contain no person who was
part of the Executive Panel or Disciplinary Committee that considered the consent order.
SCHEDULE 1 – ADMISSION PROCEDURES

PART A – PROVISIONAL APPLICATION

To ensure the Exchange can properly consider any application for admission to trading the issuer must:

1.1 For new issuers, submit the Form 1 and/or make a submission via the SSP and submit a draft copy of the prospectus, listing particulars, circular, announcement or other document relating to the issue, to the Exchange (marked for the attention of “Admissions” to admissions@lseg.com) by no later than 12:00 at least ten business days prior to the consideration of the application for admission to trading.

1.2 The submission of the Form 1 and/or any submission via the SSP shall be provisional. Formal application will only be deemed to be made when a prospectus relating to the securities to be admitted to trading has been approved.

1.3 The formal application and supporting documentation must be submitted in accordance with Rule 3.3 of Section 3 of the Standards and Part B of Schedule 1.

Guidance:

New applicants of securities should refer to the early notification requirements in Part 3 of Section 2 of the Standards.

Admission of securities becomes effective only when the decision of the Exchange to admit the securities to trading has been announced by the Exchange via a Regulatory Information Service announcement. (Should the Regulatory Information Service suffer an outage, a notice will be made available at the Exchange’s ground floor reception).

Except where otherwise agreed by the Exchange, applications for admission to trading are considered on business days between the hours of 09:00 and 17:30.

An invoice for the admission fee will be raised on admission. The admission fee is calculated in accordance with the Exchange’s scale of fees (see Rule 4.11 of Section 4 of the Standards). Payment of the admission fee must be received no later than 30 days after the date of this invoice.

PART B – FORMAL APPLICATION

2.1 The following documents must be submitted to the Exchange by no later than 12:00 at least two business days prior to the consideration of the application for admission to trading:

• an application for admission to trading on the finalised Form 1 issued by the Exchange signed by a duly authorised officer of the issuer and/or submission via the SSP;
ADMISSION AND DISCLOSURE STANDARDS

- written confirmation of the number of securities to be allotted or issued pursuant to the board resolution should be provided and must be received by the Exchange no later than 16:00 on the business day before admission is expected to become effective. By prior arrangement in writing this may be extended to 07:00 on the day of admission. The applicant should keep a copy of the resolution on its records for six years.

Guidance:

If the FCA has considered an application for listing and the securities the subject of the application are not all allotted and admitted following the initial allotment of the securities (for example, under an offer for subscription), further allotments of securities may be admitted if, before 16:00 on the day before admission is sought, the Exchange has been informed and the FCA has been provided with the information required under Listing Rule 3.3.4 A R.

The Exchange may require proof of allotment for any securities which are being issued on admission. A copy of the applicant’s board minutes allocating such securities or confirmation from the issuer will suffice in most cases.

The documents required under Part B of Schedule 1 should at least include:

- number of securities to be admitted;
- par value of securities;
- expected admission date; and
- nature of admission.

PART C – APPLICATIONS FOR CERTAIN SECURITIES

3.1 Issuers seeking admission to trading to the Order book for Retail Bonds should ensure that they submit a Form 1 and/or submit via the SSP and an ORB static data form.

Issuance programmes

3.2 Where debt securities or depositary receipts are issued under an issuance programme, an applicant must submit a subsequent application for admission to trading in the case of an increase in the maximum number of securities which may be in issue and listed at any one time under an issuance programme.

If the Exchange approves the application, it will admit to trading all securities which may be issued under the programme within 12 months after the publication of the prospectus or listing particulars, subject to the Exchange receiving:

(a) advice of the final terms of each issue;

(b) electronic copies of any supplementary prospectus or listing

3.3 The final terms of each issue which is intended to be admitted to trading must be submitted in writing to the Exchange as soon as possible after they have been agreed and, in any event, no later than 14:00 on the business day before admission is required to become effective. The final terms may be submitted by the issuer or its designated representative.

Guidance for sustainable bonds

In addition to the requirements of the Standards, issuers of debt securities seeking the Sustainable Bond Market, must follow the guidance set out in the Sustainable Bond Market terms and conditions (available on the Exchange’s website), which will include the provision of all relevant supporting materials and documentation and the acknowledgement of and commitment to post-issuance reporting obligations.

ETFs, EEA ETFs and ETPs

3.4 Prior to any potential admission to trading of an ETF, EEA ETF or ETP, issuers must liaise with the FCA. New ETF, EEA ETF or ETP issuers should refer to the early notification requirements in Part 3 of Section 2 of the Standards.

3.5 All ETFs and EEA ETFs must be either FCA authorised or have FCA recognition status.

For ETFs and other ETPs admitting on the basis of an FCA listing, the below documents must be submitted to the Exchange, via the SSP, 11 business days (by 12:00) before the target admission date, unless a sub-fund, whereby these can be submitted five business days before the target admission date:

(English version)

- Certificate of UCITS compliance from the home competent authority or other FCA recognised non-UCITS scheme (English version)

Guidance to paragraphs 3.4 to 3.6

For each ETF/ETP admitted to trading on the Exchange, we require at least one registered market maker to provide two-way prices on the Exchange’s order book from the first day of trading. If no market makers are registered by 15:30 on the business day before the admission date the security will not be admitted.

Further information can be found on the Exchange’s website.

Covered warrants and listed structured products

3.7 Issuers of covered warrants and listed structured products must provide a finalised Form 1 and/or make a submission via the SSP, a pricing supplement, indicative price and a completed trading form (depending on the number of products being launched simultaneously) and any additional forms, as appropriate. If products are to be launched under a new prospectus then it must also be provided.
SCHEDULE 2 – WHEN ISSUED DEALING

1. A provisional “when issued dealing application form” (which is available on the Exchange’s website) must be submitted via the SSP, together with a draft prospectus, at least 10 business days prior to the day on which the issuer is requesting that the Exchange consider the application for when issued dealing.

2. The final “when issued dealing application form” must be submitted (with a draft stabilisation notice if appropriate) at least two business days prior to the day on which the issuer is requesting that the Exchange consider the application for when issued dealing.

3. On the business day prior to the start of when issued dealing the Exchange must receive:

   • a copy of the listing particulars, admission document or prospectus or confirmation of the expectation that the Listing Particulars, admission document or prospectus will be approved by the FCA during the first day of when issued dealing;

   • confirmation of when allocation is due to take place and an indication of the expected trading price; and

   • the draft stabilisation notice, if applicable.

Guidance to Schedule 2

Subject to Rule 3.9 of Section 3 of the Standards, when issued dealing will only commence once:

   • the offer price (where applicable) and allocation details have been publicly announced;

   • the issuer, or its advisers, have confirmed that they are not aware of any reason why the listing particulars, admission document or prospectus will not be approved by the FCA during the first day of when issued dealing; and

   • the Exchange is satisfied that all relevant regulatory and operational approvals have been obtained by the issuer. This includes acceptance of the security by the venue in which it is due to settle and, if applicable, the relevant central counterparty.

Further guidance on when issued dealing can be found on the Exchange’s website.

Issuers seeking admission to the Order book for Retail Bonds should contact the Exchange in respect of any application for when issued dealing.
SCHEDULE 3 – CORPORATE ACTIONS

Timetable for corporate actions

1. An issuer must contact the Corporate Actions team at the Exchange (marked for the attention of the “Corporate Actions Team” and sent to ssn@lseg.com) in advance of any announcement of the timetable for any proposed action affecting the rights of existing holders of its securities traded on the Exchange’s markets. Except in the case of a dividend timetable notification (which are subject to paragraph 6), the reference to ‘in advance’ means that the Exchange should receive the proposed timetable by no later than 09:00 on the day before the proposed announcement. Issuers are reminded of their responsibilities in Rules 4.4 and 4.5 of Section 4 of the Standards, in particular any information provided to the Corporate Actions Team must be complete, accurate and not misleading.

2. Paragraphs 1 and 3 to 5 do not apply to issuers of depositary receipts or specialist securities. Issuers of depositary receipts must observe their obligations under paragraph 8.

3. The Exchange may require amendments to the timetable, as and when considered necessary. The Exchange will liaise with the issuer and its advisers as appropriate.

4. A timetable which has not been cleared in advance with the Exchange but which has been announced to the market, may be subject to change if required by the Exchange. If this situation occurs a further correcting announcement must be made to the market.

5. Any proposed amendments to a timetable, including amendment to the publication details of any announcement, must be immediately notified to the Exchange.

6. In respect of corporate action announcements, the issuer must comply with its regulatory disclosure obligations, including under UK MAR.

7. The announcement of a corporate action must include the ISIN or the Tradable Instrument Display Mnemonics code (TIDM) of the affected securities.

Guidance

Paragraphs 1 to 7 (inclusive) relate to proposed timetables for all corporate actions for securities admitted to trading on the Exchange’s markets, for example:

- Corporate actions where an ‘ex’ date is required (dividends, scrip dividends, DRIPs, DRISs, dividend currency elections, open offers, rights issues, bonus issues, capitalisation issues, return of capital/cash, demergers, enfranchisements).

- Other events for which clearance of timetables is required are:
  - tender/repurchase offers,
• consolidations, subdivision,
• capital reorganisations,
• schemes of arrangement/ schemes of reconstruction,
• some types of conversions/redemptions, or
• any other corporate event which could affect the rights of existing holders of securities admitted to trading on the Exchange’s markets.

8. Where applicable, dividend payments must follow the procedures set out in the following guidance.

**Guidance**

A dividend timetable which follows the guidelines, as set out in the Dividend Procedure Timetable, as published on the Exchange’s website, need not be notified to the Exchange in advance, provided the announcement of the dividend includes:

- the amount of the dividend, which unless stated otherwise, is stated as gross;
- the record and payment dates; and
- the availability of any scrip dividend, DRIP or dividend currency option, together with the election date.

Dividends outside of the guidelines as set out in the Dividend Procedure Timetable must be agreed by the Exchange in advance of the announcement of the dividend. The Scrip Dividend and DRIP documentation must also be lodged with the Exchange.

If an announcement is released which does not meet the guidelines as set out in the Dividend Procedure Timetable, and has not been agreed by the Exchange, the issuer will need to make a further correcting announcement without delay.

The term ‘dividend’ includes all interest payments for debt securities (excluding specialist securities). An announcement is not required for interest payments, but the Exchange must receive notification of any payment no later than seven business days prior to the record date. This notification must include:

- the appropriate net or gross amount; and
- the record and payment dates; and
- any conversion period details.

Where fixed payment details are available, the issuer or its agent may use one timetable to inform the Exchange of all future payments, providing any subsequent amendments are notified to the Exchange immediately.

When an issuer publishes details of future interest payments, they must notify the Exchange.

**Timetable for open offer**

9. The timetable for an open offer must ensure that valid claims through the market can be promptly satisfied and must comply with the following:
• the open offer must remain open for acceptance for at least 10 business days. For the purposes of calculating the period of 10 business days, the first business day is the date on which the offer is first open for acceptance. The business days must also exclude the ‘ex’ date;

• where possible, the open offer record date should be the business day before the expected ‘ex’ date. A record date preceding the ‘ex’ date by more than three business days will only be approved in exceptional circumstances; and

• the announcement by an issuer of an open offer must take place by no later than 07:00 on the proposed ‘ex’ date. Where there are exceptional circumstances, prior written consent from the Exchange must be obtained for any later announcement.

As per paragraphs 1 and 2, an issuer or its adviser must contact the Exchange in advance of any announcement of the timetable for any open offer. The reference to ‘in advance’ means that the Exchange should receive the proposed timetable by no later than 09:00 on the day before the proposed announcement. The Exchange may require amendments to the timetable, as and when considered necessary. The Exchange will liaise with the issuer and its advisers as appropriate.

A timetable which has not been cleared in advance with the Exchange but which has been announced to the market, may be subject to change if required by the Exchange. If this situation occurs a further correcting announcement must be made to the market.

Continuing obligations for depositary receipt issuers

10. An issuer or its depositary bank should contact the Exchange in advance of any announcement of a timetable for any proposed action affecting the rights of existing holders of its securities traded on the Exchange's markets. The reference to "in advance" means that the Exchange should receive the proposed announcement by no later than 09:00 on the day before the proposed announcement.

The Exchange may require amendments to the timetable, as and when considered necessary. The Exchange will liaise with the issuer or depositary bank as appropriate.

Any proposed amendments to an agreed timetable, including amendment to the published details of any announcement, should immediately be notified to the Exchange.

Paragraph 8 and related guidance must be adhered to by an issuer or its depositary bank unless otherwise specifically agreed with, and confirmed by, the Exchange.
ADMISSION AND DISCLOSURE STANDARDS

Guidance

Paragraph 8 relates to proposed timetables for all corporate actions for depositary receipts admitted to trading on the Exchange’s markets, for example: corporate actions where an ‘ex’ date is required (bonus issues, stock distributions, rights issues, demergers /spin offs).

Issuers will have regard to their domestic regulatory requirements and should discuss possible conflicts between those and the Standards with Exchange in advance, as issuers deem necessary.

Wherever possible the record date should be announced in advance and the ‘ex’ date for any of the above corporate actions will be determined by the Exchange, dependent on the information received and the type of the corporate action proposed.

Other events for which clearance of timetables is required are:

- stock splits,
- tender/repurchase offers,
- capital reorganisations,
- or any other corporate action which could affect the rights of existing holders of securities admitted to trading on the Exchange’s markets.

Dividends

Dividends for depositary receipts should be notified to the Exchange at least three business days prior to the dividend record date, to allow the depositary receipt to be marked Ex Dividend in the normal way, one business day prior to the record date.

In most circumstances the dividend record date for the depositary receipt will be in line with that of the underlying security. In the event of late notification of the record date for the underlying security, or where notice is not received three days prior to the record date, the depositary bank will be required to set a separate record date for the depositary receipt to allow the security to be marked Ex Dividend in line with the above timetable.

Dividend notifications for depositary receipts should include the following details, where available:

- name of issuer declaring dividend
- ISIN or CUSIP number
- whether dividend is an approximate or final rate
- amount of the dividend (should state whether the dividend is net or gross and include both rates (if available)
- record date
- payment dates
- any relevant fees or tax charges
- name of depositary bank announcing dividend (including contact details).
SCHEDULE 4 – SPECIALIST FUND SEGMENT

In order to be eligible for admission, and in addition to the requirements of the Standards, the following criteria must be satisfied, at admission, unless the Exchange otherwise agrees:

1. the issuer must be a closed-ended investment company;

2. the issuer must have published prior to admission a prospectus that complies with Annexes 4 and 11 of the UK Prospectus Regulation, in relation to the securities to be admitted that must have been approved by the FCA. To the extent permitted by the FCA, that prospectus (as well any notification to a Regulatory Information Service at admission) should include:
   a. the following statement:

      “The Specialist Fund Segment securities are not admitted to the Official List of the Financial Conduct Authority. Therefore the company has not been required to satisfy the eligibility criteria for admission to listing on the Official List and is not required to comply with the Financial Conduct Authority’s Listing Rules. The London Stock Exchange has not examined or approved the contents of this document.”; and
   b. appropriate language to reflect the fact that the Specialist Fund Segment is intended for institutional, professional, professionally advised and knowledgeable investors who understand, or who have been advised of, the potential risk from investing in companies admitted to the Specialist Fund Segment.

3. the issuer must disclose post-issue free float as part of their submission on the Form 1 and/or the SSP;

4. there must be a sufficient number of registered holders of the securities to be admitted to provide an orderly market in the securities following admission; and

5. the issuer must be duly incorporated or otherwise validly established and must operate in conformity with its constitution.

Guidance to Schedule 4

As the Specialist Fund Segment is part of the Exchange’s regulated market, issuers admitted to trading on the Specialist Fund Segment must meet the requirements of applicable UK law and regulations.
SCHEDULE 5 – HIGH GROWTH SEGMENT RULEBOOK

treasury shares as such term is defined in the FCA Handbook.
INTRODUCTION

A. The High Growth Segment opened on 27 March 2013. It offers admission to trading to the Main Market principally for high growth, trading businesses that intend in due course to seek admission to the Official List but that may not yet meet the applicable eligibility criteria, in particular due to having a lower proportion of securities in public hands.

B. As a segment of the Exchange’s regulated market, issuers with securities admitted to, or applying for admission to, the High Growth Segment must comply with UK MAR, DTR, the UK Prospectus Regulation and the Prospectus Rules.

C. Other rules that will apply to issuers include the Standards issued by the Exchange, which should be read in conjunction with these rules. An issuer will also need to comply with the national law and regulation of its country of incorporation.

D. Securities admitted to the High Growth Segment are not admitted to the Official List maintained by the FCA and therefore the Listing Rules do not apply.

E. Admission to the High Growth Segment is determined by the Exchange on the basis of information and submissions relating to eligibility given by the issuer and its Key Adviser and on the basis that a prospectus has been approved by the FCA.

F. Prospective issuers considering applying for admission to the High Growth Segment should consult with the Exchange (via the Primary Market Regulation Team) at the earliest possible opportunity in order to discuss their eligibility.

G. Questions or concerns in relation to the interpretation of these rules should be addressed at the earliest possible opportunity to the Primary Market Regulation Team. The Exchange may modify or dispense with these rules in individual cases as it considers appropriate.

H. Terms in bold are defined in the Glossary.

I. The prospectus required under Rule 3 of these rules, any documents sent to shareholders and any information required by these rules (including the website at Section B7) must be in English.

J. The rules relating to the trading of securities are set out in the Rules of the London Stock Exchange.

SECTION A – ADMISSION

1. This Section applies to issuers that do not already have securities admitted, unless (i) admission is sought for a new class of securities, or (ii) admission is the result of a reverse takeover involving an issuer that previously had securities admitted, in which case this Section shall apply unless the Exchange otherwise determines.

A1: ELIGIBILITY FOR ADMISSION
2. In order to be eligible for admission, and in addition to the requirements of the Standards, the following criteria must be satisfied, at admission, unless the Exchange otherwise agrees:

2.1. the issuer together with its subsidiary undertakings must be a trading business;

2.2. the issuer must control the majority of its assets;

2.3. the issuer must be able to demonstrate growth in audited consolidated revenue, prepared in a form consistent with that which will be adopted in the issuer's next published financial statements, of at least 20% on a CAGR basis over the prior three financial years;

2.4. at least 10% of the number of securities to be admitted must be in public hands;

2.5. the value of the securities in public hands must be at least £30 million. The majority of the £30 million must be raised at admission by the issue of new securities or sale of existing securities from the same class as that to be admitted;

2.6. there will be a sufficient number of registered holders of the securities to be admitted to provide an orderly market in the securities following admission;

2.7. the securities to be admitted must form part of the issuer's equity share capital, must conform with the laws and regulations of the issuer's place of incorporation and be duly authorised according to the requirements of the issuer's constitution as well as having any other necessary consents;

2.8. the issuer must:

2.8.1. be duly incorporated or otherwise validly established in the UK or an EEA State and must operate in conformity with its constitution, and

2.8.2. be a UK public limited company or similar EEA corporate structure; and

2.9. the Exchange may at its sole discretion modify or dispense with Rules 2.1 and 2.3 of these rules in the case of a scientific research issuer, provided that the scientific research issuer:

---

3 GUIDANCE – Issuers should note that certain of the eligibility requirements set out here are continuing obligations pursuant to Section B1.

4 GUIDANCE - an issuer should not, for example, be a mineral resource company at exploration stage, or an investment entity.

5 GUIDANCE – the criteria for determining whether an issuer will qualify as a scientific research issuer is contained in the glossary definition of scientific research issuer.
2.9.1. complies with Rules 2.2 and 2.4 to 2.8 of **these rules**; and

2.9.2. has published or filed historical financial information since the inception of its business.

3. In addition, to be eligible for admission, the **issuer** must have published prior to admission a **prospectus** in relation to the **securities** to be admitted that must have been approved by the FCA. To the extent permitted by the FCA, that **prospectus** (as well any notification to a **RIS** at admission) should include the following:

3.1. a statement, ideally on the front page, prominently and boldly, stating the following:

>“Admission to the High Growth Segment of the Main Market of the London Stock Exchange is primarily intended for high growth companies, which are likely to have a lower proportion of securities in public hands at admission than companies admitted to the Official List. High Growth Segment securities are not admitted to the Official List of the Financial Conduct Authority. Therefore the company has not been required to satisfy the eligibility criteria for admission to listing on the Official List and is not required to comply with the Financial Conduct Authority’s Listing Rules. The London Stock Exchange has not examined or approved the contents of this document. A prospective investor should be aware of the risks of investing in such companies and should make the decision to invest only after careful consideration and, if appropriate, consultation with an independent financial adviser.”

3.2. a non-binding indication in the section of the **prospectus** dealing with information on the **issuer** (and in any notification to a **RIS** at admission) setting out that the **issuer** intends to apply for admission to the **Official List** in the future and how it intends to satisfy the eligibility criteria for admission to the **Official List**.

4. In addition, to be eligible for admission, an **issuer** must have appointed a **Key Adviser** in relation to an admission. The **Key Adviser** must comply with the requirements of Annex 3 of **these rules**.

5. Even if an application for admission by an **issuer** satisfies all of the criteria set out in this Section A1, the **Exchange** may refuse admission or may impose any conditions to admission in accordance with Rule 2.5 of the **Standards**.

**A2: PROCEDURE FOR ADMISSION**

6. In addition to the requirements for admission set out in the **Standards**, to apply for admission:

6.1. a **Key Adviser** must submit to the **Exchange** a draft copy of the **eligibility letter** by email to the **Primary Market Regulation Team** no later than the date on which a draft **prospectus** is first submitted for review to the FCA.
6.2. an **issuer** (or **Key Adviser** on its behalf) must submit to the **Exchange** at least two **business days** before the **Exchange** is to consider the **application for admission**, the following by email to the **Primary Market Regulation Team**:

6.2.1. a completed **issuer Declaration**; and

6.2.2. any other documentation required by the **Exchange** in connection with assessing the **issuer’s eligibility**.

6.3. a **Key Adviser** must submit to the **Exchange** at least two **business days** before the **Exchange** is to consider the **application for admission** by email to the **Primary Market Regulation Team**:

6.3.1. a completed **Key Adviser Declaration**;

6.3.2. the final form **eligibility letter**; and

6.3.3. any other documentation required by the **Exchange** in connection with assessing the **issuer’s eligibility**.

7. An **issuer** in the case of Rule 6.2 of **these rules** and information required by the **Standards** or **Key Adviser** in the case of the whole of Rule 6 of **these rules**, in each case must inform the **Exchange** (via the **Primary Market Regulation Team**) without delay of any change in the information provided under those provisions that occurs prior to **admission**. Where, in the opinion of the **Exchange**, such change(s) result in the information being significantly different to that initially provided or otherwise being material in the context of the **admission**, the **Exchange** may delay **admission**.

8. The **Exchange** may publish the information contained in the documents it receives pursuant to Rule 6.1 of **these rules** or the **Standards**, in particular by noting details of the proposed **admission** on its website.

9. **Admission** becomes effective at the time set out in the **Standards**.
SECTION B – CONTINUING OBLIGATIONS

10. This Section applies to issuers that have securities admitted.

B1: CONTINUING ELIGIBILITY REQUIREMENTS

11. While it has securities admitted, the issuer must comply with the criteria set out in Rule 2 of these rules (other than those at Rules 2.3, 2.5 and 2.6) as if they applied on a continuing basis.

12. In addition to the requirements in the Standards, an issuer must:

   12.1. deal with the Exchange in an open and co-operative way and deal with all enquiries raised by the Exchange promptly;
   
   12.2. promptly notify the Exchange if it becomes aware that it is likely to fail or has failed to comply with its obligations under these rules or the Standards; and
   
   12.3. provide to the Exchange any information or explanation the Exchange might reasonably require for the purpose of verifying whether these rules are being or have been complied with.

13. In relation to any further issue of securities of the same class, the provisions of the Standards apply and a Form 1 must be submitted to the Exchange for admission of such securities and/or via the SSP.

B2: ADVICE OF KEY ADVISERS

14. An issuer must obtain the guidance of a Key Adviser to assist it with the application of these rules and the Standards where it (or any of its subsidiary undertakings) is proposing to enter into or undertake any significant transaction or a significant event occurs, including any of the following:

   14.1. a transaction which due to its size or nature could amount to a notifiable transaction, related party transaction or reverse takeover
   
   14.2. cancellation of its admission
   
   14.3. a further issue of securities or a purchase of own securities of the same class to that which is admitted, or
   
   14.4. severe financial difficulty, including in relation to any associated restructuring, reconstruction or disposal.

Guidance - For the avoidance of doubt, the role of the Key Adviser after admission is to advise the issuer only and the Key Adviser will not owe duties to the Exchange in relation to such advice.
B3: NOTIFIABLE TRANSACTIONS

15. In this Section B3, (except where specifically provided to the contrary) a reference to a transaction by an issuer:

15.1. subject to Rules 15.3, 15.4 and 15.5 of these rules, includes all agreements (including amendments to agreements) entered into by the issuer (or its subsidiary undertakings)

15.2. includes the grant or acquisition of an option as if the option had been exercised except that, if exercise is solely at the issuer’s (or its subsidiary undertaking’s) discretion, the transaction will be classified on exercise and only the consideration (if any) for the option will be classified on the grant or acquisition

15.3. excludes a transaction in the ordinary course of business

15.4. excludes an issue of securities, or a transaction to raise finance, which does not involve the acquisition or disposal of any fixed asset of the issuer (or of its subsidiary undertakings), and

15.5. excludes any transaction between the issuer and its wholly-owned subsidiary undertaking or between its wholly-owned subsidiary undertakings.

16. In assessing whether a transaction is in the ordinary course of an issuer’s business, regard should be had to the size and incidence of similar transactions which the issuer (or its subsidiary undertakings) has entered into.\(^7\)

17. A transaction is classified by assessing its size relative to that of the company proposing to make it. The comparison of size is made by using the percentage ratios that result from applying the class test calculations to a transaction. The class tests are set out in Annex 1.

18. A “notifiable transaction” is a transaction where any percentage ratio is 25% or more.

19. Transactions completed during the 12 months before the date of the latest transaction must be aggregated with that transaction for the purposes of classification if:

19.1. they are entered into by the issuer (or its subsidiary undertaking) with the same person or with persons connected with one another;

19.2. they involve the acquisition or disposal of securities or an interest in one

\(^7\) GUIDANCE - Where relevant when considering whether a transaction is a notifiable transaction, the following Listing Rules should be regarded as guidance: Listing Rules 10.2.4 to 10.2.9 R inclusive in relation to indemnities and similar arrangements, break fee arrangements and Issues by major subsidiary undertakings. The Exchange may require an issuer to provide its calculations of the percentage ratios in connection with a transaction and the issuer’s reasons for concluding whether or not a transaction is a notifiable transaction.
particular company; or

19.3. together they lead to substantial involvement in a business activity which did not previously form a significant part of the **issuer's group's** principal activities.

20. An **issuer** must notify a **RIS** as soon as possible after the terms of a **notifiable transaction** are agreed in the terms set out in Annex 2, noting also the requirements for a supplementary notification set out in that Annex.

**B4: RELATED PARTY TRANSACTIONS**

21. A **"related party transaction"** is a transaction where any **percentage ratio** is 5% or more, and it is:

   21.1. a transaction (other than a transaction in the ordinary course of business) between an **issuer** and a **related party**;

   21.2. an arrangement (other than an arrangement in the ordinary course of business) pursuant to which an **issuer** and a **related party** each invests in, or provides finance to, another undertaking or asset; or

   21.3. any other similar transaction or arrangement (other than a transaction in the ordinary course of business) between an **issuer** and any other **person** the purpose and effect of which is to benefit a **related party**.

22. In this Section B4, a reference to a transaction or arrangement:

   22.1. by an **issuer** includes a transaction or arrangement by its **subsidiary undertaking**, and

   22.2. is, unless the contrary intention appears, a reference to the entering into of the agreement for the transaction or the entering into of the arrangement.

23. In assessing whether a transaction is in the ordinary course of business, regard should be had to the size and incidence of the transaction and also whether the terms and conditions of the transaction are unusual. Rule 25 of **these rules** will apply to the variation or novation of an existing agreement between an **issuer** and a **related party** whether or not, at the time the original agreement was entered into, that party was a **related party**.

24. If an **issuer** enters into transactions or arrangements with the same **related party** in any 12 month period, the transactions or arrangements must be aggregated. If any **percentage ratio** is 5% or more for the aggregated transactions or arrangements, the **issuer** must comply with Rule 25 of **these**

---

8 GUIDANCE - or with any 'associate' of a related party as such term is defined in the Listing Rules.
rules in respect of the latest transaction or arrangement.9

25. If an issuer enters into a related party transaction, the issuer must make a notification in accordance with Rule 20 of these rules as if it were a notifiable transaction, including also the following:

25.1. the name of the related party, and

25.2. details of the nature and extent of the related party's interest in the transaction or arrangement.

B5: Reverse Takeovers

26. Where an issuer wishes to undertake a reverse takeover10, it must:

26.1. comply with the requirements of Section B3 as if it were a notifiable transaction

26.2. send an explanatory circular to its shareholders and obtain their prior approval in a general meeting for the transaction which constitutes the reverse takeover, and

26.3. ensure that any agreement that effects such transaction is conditional on that shareholder approval being obtained.

27. Matters relating to the circular and material change:

27.1. The circular required by Rule 26.2 of these rules should include all relevant information to enable shareholders to make an informed decision about the proposed reverse takeover11.

27.2. If after publication of the circular but before the general meeting a material change or new matter occurs which the issuer should have included in the circular if it had been in existence at the time of its publication, the issuer should send a supplementary circular to its shareholders providing an explanation of such change or matter.

9 GUIDANCE - The Exchange may require an issuer to provide its calculations of the percentage ratios in connection with the transaction and the issuer's reasons for concluding whether or not a transaction is a related party transaction. The following should be taken into consideration as guidance when considering whether a transaction or arrangement is a related party transaction:
- paragraph 1 or 1A of Listing Rule 11 Annex 1 R (a small transaction or a transaction the terms of which were agreed before a person became a related party); or
- paragraphs 2 to 9 of Listing Rule 11 Annex 1 R and does not have any unusual features.

10 GUIDANCE - The Exchange may require an issuer to provide its calculations of the percentage ratios in connection with a transaction, the issuer's reasons for concluding whether or not a transaction is a reverse takeover and a confirmation from the issuer in relation to the publicly available information about the target.

11 GUIDANCE - Listing Rules 13.3 – 5 inclusive should be used as guidance in relation to the contents of the circular. For the avoidance of doubt, the Exchange does not approve the contents of the circular to be sent to shareholders. If a prospectus for the issuer as enlarged by the reverse takeover is published and sent to shareholders with the notice of the meeting required by Rule 26.2 of these rules, the issuer will be deemed to have satisfied the requirements of that rule in relation to the publication of a circular.
27.3. If, after obtaining shareholder approval but before the completion of the reverse takeover, there is a material change to the terms of the transaction, the issuer must comply again with Rule 26 of these rules.

28. Where shareholder approval is given for the reverse takeover, admission of the securities will be cancelled. The issuer, as enlarged by the reverse takeover, must re-apply for admission of its securities should it wish to be admitted and it must satisfy the relevant requirements set out in Section A of these rules and the Standards in relation to the admission, together with any other applicable rules such as the Prospectus Rules.

29. Suspension in relation to a reverse takeover:

29.1. An issuer must contact the Exchange via the Primary Market Regulation Team as early as possible:

29.1.1. before announcing a reverse takeover which has been agreed or is in contemplation, to discuss whether a suspension of trading of the securities under the Standards is appropriate, or

29.1.2. where details of the reverse takeover have leaked, to request such a suspension of trading.

29.2. Examples of where a reverse takeover will be considered as in contemplation include situations where:

29.2.1. the issuer (or its subsidiary undertaking) has approached the target company's board;

29.2.2. the issuer (or its subsidiary undertaking) has entered into an exclusivity period with a target company; or

29.2.3. the issuer (or its subsidiary undertaking) has been given access to begin due diligence work (whether or not on a limited basis).

29.3. Generally, when a reverse takeover is announced or leaked, there will be insufficient publicly available information about the proposed transaction and the issuer will be unable to assess accurately its financial position and inform the market accordingly. In this case, the Exchange will often consider that suspension of trading will be appropriate. However, if the Exchange is satisfied that there is sufficient publicly available information about the proposed transaction it may agree with the issuer that a suspension of trading is not required.\[12\]

\[12\] GUIDANCE - In considering whether suspension of trading is required, the Exchange may, if it considers relevant, refer for guidance to Listing Rules 5.6.10 G to 5.6.18 R inclusive, as well as considering its duties as a Recognised Investment Exchange.
B6: REQUIREMENT FOR NOTIFICATIONS TO A RIS

30. An issuer must notify an RIS without delay of:

30.1. the resignation, dismissal or appointment of any director giving the date of such occurrence and, in relation to an appointment, including usual biographical information about such director as might be found in a prospectus including details of any holding of securities in the issuer

30.2. any change in its accounting reference date, registered office address or legal name

30.3. any decision to make any payment in respect of the securities specifying the net amount payable per security, the payment date and the record date

30.4. the admission or cancellation of any of the issuer's securities, including the reason(s), and details of any securities taken in and out of treasury shares

30.5. any proposed or actual change in the issuer's capital structure and the results of any new issue of securities, and

30.6. details of all resolutions passed at a general meeting of the issuer other than resolutions concerning ordinary business passed at an annual general meeting.

B7: CONTINUING WEBSITE DISCLOSURES

31. An issuer must from admission maintain a website on which the following information in relation to it should be easily available, free of charge:

31.1. a description of its or its group's business

31.2. the names of the issuer's directors and brief biographical details of each, as would normally be included in a prospectus

31.3. a description of the responsibilities of the members of the board of directors and details of any committees of the board of directors and their responsibilities

31.4. the issuer's country of incorporation and main country of operation

31.5. its current constitutional documents (e.g. its articles of association)

31.6. details of any other exchanges or trading platforms on which the issuer has applied or agreed to have any of its securities admitted or traded

31.7. the number of securities in issue (noting any held as treasury shares)

31.8. details of any restrictions on the transfer of its securities
ADMISSION AND DISCLOSURE STANDARDS

31.9. its most recent annual financial report and any subsequent half-yearly, quarterly or similar reports

31.10. the information in relation to corporate governance required to be included in an issuer’s annual financial report in accordance with Section B8

31.11. all notifications to a RIS the issuer has made in the past 12 months

31.12. taking into account any restrictions in relation to applicable securities laws, its most recent prospectus together with any circulars or documents sent to shareholders within the past 12 months, and

31.13. details of its key professional advisers (as might normally be found in a prospectus).

B8: CORPORATE GOVERNANCE

32. An issuer must ensure that the following additional items are included in its annual financial report on an ongoing basis:

32.1. details of the corporate governance code to which the issuer is subject and/or details of the corporate governance code or practices which the issuer may have voluntarily decided to apply, and where such code or practices are publicly available

32.2. a statement as to how the issuer has applied the main principles set out in such code or practices, in a manner that would enable shareholders to evaluate how the principles have been applied, and

32.3. a statement as to:

32.3.1. which relevant provisions set out in code or practices the issuer has complied with throughout the accounting period, or

32.3.2. where it has not complied with the relevant provisions, set out those provisions and explain the reasons for non-compliance, and

32.3.3. in the case of provisions whose requirements are of a continuing nature, the period within which, if any, it did not comply with some or all of those provisions.

B9: CANCELLATION OF ADMISSION

33. Except as set out in Rule 34 of these rules, an issuer that wishes to cancel its admission of securities must:

33.1. Shareholder consent:

33.1.1. obtain, at a general meeting, the prior approval of a resolution for the cancellation from a majority of not less than 75% of shareholders as (being entitled to do so) vote in person or, where proxies are allowed, by proxy. The relevant meeting should be
convened by way of the requisite notice required under the issuer’s constitution or applicable law, and should set out:

33.1.1.1. the reasons for the intended cancellation

33.1.1.2. the anticipated date of cancellation (which must not be less than 20 business days following the passing of the resolution required by this rule), and

33.1.1.3. all relevant information to enable the shareholders to make an informed decision

33.2. notify a RIS, at the same time as the notice convening the meeting required by Rule 33.1 of these rules above is despatched, of the intended cancellation and of the notice period and meeting, and

33.3. also subsequently notify a RIS of the outcome of the above meeting.

34. Rule 33 of these rules does not apply:

34.1. where there is a concurrent application for admission of the securities to the Premium listing segment of the Official List. Notwithstanding this, the issuer must notify a RIS stating its intention to transfer to the Official List at least 5 days before the proposed transfer; or

34.2. in the case of a takeover where:

34.2.1. the offeror has by virtue of its shareholdings and acceptances of the offer, acquired or agreed to acquire issued share capital carrying 75% of the voting rights of the issuer, and

34.2.2. the offeror has stated in the offer document or any subsequent circular sent to the shareholders that a notice period of not less than 20 business days prior to cancellation will commence either on the offeror attaining the required 75% described above or on the first date of issue of compulsory acquisition notices under section 979 of the Companies Act 2006 (Right of offeror to buy out minority shareholders), or equivalent provisions in the relevant legislation or regulation of the issuer’s country of incorporation.

34.2.3. In the circumstances of 34.2.1 and 34.2.2, the issuer must notify shareholders that the required 75% has been attained and that the notice period has commenced and of the anticipated date of cancellation or the explanatory letter or other material

---

13 GUIDANCE - Listing Rule 13.3.1 R should be used as guidance in relation to the contents of the circular. For the avoidance of doubt, the Exchange does not approve the contents of the circular to be sent to shareholders.

14 Shareholder consent as set out in Rule 33 of these rules is required for a transfer to the Standard listing segment of the Official List. Rule 27.2 in relation to a material change or new matter occurring shall be deemed to apply to the circular required by this Section B9 also.

ANNEX 1 - CLASS TESTS

Class tests

1. This Annex sets out the following class tests:

(1) the gross assets test;

(2) the profits test;

(3) the consideration test; and

(4) the gross capital test.

The gross assets test

2. (1) The assets test is calculated by dividing the gross assets the subject of the transaction by the gross assets of the issuer.

(2) The gross assets of the issuer means the total non-current assets, plus the total current assets, of the issuer.

(3) For:

(a) an acquisition of an interest in an undertaking which will result in consolidation of the assets of that undertaking in the accounts of the issuer; or

(b) a disposal of an interest in an undertaking which will result in the assets of that undertaking no longer being consolidated in the accounts of the issuer;

the gross assets the subject of the transaction means the value of 100% of that undertaking’s assets irrespective of what interest is acquired or disposed of.

(4) For an acquisition or disposal of an interest in an undertaking which does not fall within paragraph (3), the gross assets the subject of the transaction means:
(a) for an acquisition, the consideration together with liabilities assumed (if any); and

(b) for a disposal, the assets attributed to that interest in the issuer's accounts.

(5) If there is an acquisition of assets other than an interest in an undertaking, the assets the subject of the transaction means the consideration or, if greater, the book value of those assets as they will be included in the issuer's balance sheet.

(6) If there is a disposal of assets other than an interest in an undertaking, the assets the subject of the transaction means the book value of the assets in the issuer's balance sheet.

3 The Exchange may modify paragraph 2 to require, when calculating the assets the subject of the transaction, the inclusion of further amounts if contingent assets or arrangements are involved.

The profits test

4 (1) The profits test is calculated by dividing the profits attributable to the assets the subject of the transaction by the profits of the issuer.

(2) For the purposes of paragraph (1), profits means:

(a) profits after deducting all charges except taxation; and

(b) for an acquisition or disposal of an interest in an undertaking referred to in paragraph 2 (3)(a) or (b) of this Annex, 100% of the profits of the undertaking (irrespective of what interest is acquired or disposed of).

(3) If the acquisition or disposal of the interest will not result in consolidation or deconsolidation of the target then the profits test is not applicable.

4A The amount of loss is relevant in calculating the impact of a proposed transaction under the profits test. An issuer should include the amount of the losses of the issuer or target i.e. disregard the negative when calculating the test.

8 (1) For the purposes of calculating the tests in this Annex, except as otherwise stated in paragraphs (2) to (6), figures used to classify assets and profits, must be the figures shown in the latest published audited consolidated accounts or, if an issuer has, or will have, published a preliminary statement of later annual results at the time the terms of a transaction are agreed, the figures shown in that preliminary statement.

(2) If a balance sheet has been published in a subsequently published interim statement then gross assets and gross capital should be taken from the balance sheet published in the interim statement.

(3) (a) The figures of the issuer must be adjusted to take account of subsequent completed transactions which have been notified to a RIS pursuant to Rule 20 of these rules.

(b) The figures of the target company or business must be adjusted to take account of subsequent completed transactions which would have been a notifiable transaction or greater when classified against the target as a whole.

(4) Figures on which the auditors are unable to report without modification must be disregarded.

(5) When applying the percentage ratios to an acquisition by a company whose assets consist wholly or predominantly of cash or short-dated securities, the cash and short-dated securities must be excluded in calculating its assets and market capitalisation.

The Exchange retains sole discretion to refuse an application for admission to trading to ATT Only if it considers that the securities are better suited to another of the Exchange’s markets or segments.
