| AIM Rules for Companies (effective 17 June 2009) | 17 01 June 2009 | 2010 |
Introduction

AIM opened on 19 June 1995, and is regulated by London Stock Exchange plc. This document contains the AIM Rules for Companies (“these rules”) which set out the rules and responsibilities in relation to AIM companies. Defined terms are in bold and definitions can be found in the Glossary.

From time to time the Exchange issues separate Notes on specific issues which may affect certain AIM companies. The Notes form part of these rules.

Where an AIM company has concerns about the interpretation of these rules, it should consult its nominated adviser.

The rules relating to the eligibility, responsibilities and disciplining of nominated advisers are set out in the separate rulebook, AIM Rules for Nominated Advisers.

The procedures relating to disciplinary and appeals matters are set out in the Disciplinary Procedures and Appeals Handbook.

The rules for trading AIM securities are set out in “Rules of the London Stock Exchange”.
Part One – AIM Rules

Retention and role of a nominated adviser

1. In order to be eligible for AIM, an applicant must appoint a nominated adviser and an AIM company must retain a nominated adviser at all times.

The nominated adviser is responsible to the Exchange for assessing the appropriateness of an applicant for AIM, or an existing AIM company when appointed as its nominated adviser, and for advising and guiding an AIM company on its responsibilities under these rules.

The responsibilities of nominated advisers are set out in the AIM Rules for Nominated Advisers.

If an AIM company ceases to have a nominated adviser the Exchange will suspend trading in its AIM securities. If within one month of that suspension the AIM company has failed to appoint a replacement nominated adviser, the admission of its AIM securities will be cancelled.

Applicants for AIM

Pre-admission announcement

2. An applicant must provide the Exchange, at least ten business days before the expected date of admission to AIM, with the information specified by Schedule One.

A quoted applicant must provide the Exchange, at least twenty business days before the expected date of admission to AIM, with the information specified in Schedule One and its supplement.

If there are any changes to such information prior to admission, the applicant must advise the Exchange immediately by supplying details of such changes. Where, in the opinion of the Exchange, such changes result in the information being significantly different from that originally provided, the Exchange may delay the expected date of admission for a further ten business days (or twenty business days in the case of a quoted applicant).

The Exchange will notify RNS of information it receives under this rule.

Admission document

3. An applicant must produce an admission document disclosing the information specified by Schedule Two. This document must be available publicly, free of charge, for at least one month from the admission of the applicant’s securities to AIM.

A quoted applicant is not required to produce an admission document unless otherwise required by the Prospectus Rules.

Omissions from admission documents

4. The Exchange may authorise the omission of information from an admission document (other than a Prospectus) of an applicant where its nominated adviser confirms that:
the information is of minor importance only and not likely to influence assessment of the applicant's assets and liabilities, financial position, profits and losses and prospects; or

- disclosure of that information would be seriously detrimental to the applicant and its omission would not be likely to mislead investors with regard to facts and circumstances necessary to form an informed assessment of the applicant's securities.

Application documents
5. At least three business days before the expected date of admission, an applicant must submit to the Exchange a completed application form and an electronic version of its admission document. These must be accompanied by the nominated adviser's declaration required by the AIM Rules for Nominated Advisers.

At least three business days before the expected date of admission, a quoted applicant must submit to the Exchange an electronic version of its latest report and accounts and a completed application form. These must be accompanied by the nominated adviser's declaration required by the AIM Rules for Nominated Advisers.

The AIM fee will be invoiced to the applicant and should be paid pursuant to rule 37.

Admission to AIM
6. Admission becomes effective only when the Exchange issues a dealing notice to that effect.

Special conditions for certain applicants

Lock-ins for new businesses
7. Where an applicant's main activity is a business which has not been independent and earning revenue for at least two years, it must ensure that all related parties and applicable employees as at the date of admission agree not to dispose of any interest in its securities for one year from the admission of its securities.

This rule will not apply in the event of an intervening court order, the death of a party who has been subject to this rule or in respect of an acceptance of a take-over offer for the AIM company which is open to all shareholders.

Investing companies
8. Where the applicant is an investing company, a condition of its admission is that it raises a minimum of £3 million in cash via an equity fundraising on, or immediately before, admission.

An investing company must state and follow an investing policy.

An investing company must seek the prior consent of its shareholders in a general meeting for any material change to its investing policy.

Where an investing company has not substantially implemented its investing policy within eighteen months of admission, it should seek the consent of its shareholders for its investing policy at its next annual general meeting and on an annual basis thereafter, until such time that its investing policy has been substantially implemented.
Other conditions

9. The Exchange may make the admission of an applicant subject to a special condition.

Where matters are brought to the attention of the Exchange which could affect an applicant's appropriateness for AIM, it may delay an admission. The Exchange will inform the applicant's nominated adviser and may notify RNS that it has asked the applicant and its nominated adviser to undertake further due diligence.

The Exchange may refuse an admission to AIM if it considers that:

- the applicant's does not or will not comply with any special condition which the Exchange considers appropriate and of which the Exchange has informed the applicant's nominated adviser; or
- the applicant's situation is such that admission may be detrimental to the orderly operation or reputation of AIM

Principles of disclosure

10. The information which is required by these rules must be notified by the AIM company no later than it is published elsewhere. An AIM company must retain a Regulatory Information Service provider to ensure that information can be notified as and when required.

An AIM company must take reasonable care to ensure that any information it notifies is not misleading, false or deceptive and does not omit anything likely to affect the import of such information.

It will be presumed that information notified to a Regulatory Information Service is required by these rules or other legal or regulatory requirement, unless otherwise designated.

General disclosure of price sensitive information

11. An AIM company must issue notification without delay of any new developments which are not public knowledge concerning a change in:

- its financial condition;
- its sphere of activity;
- the performance of its business; or
- its expectation of its performance,

which, if made public, would be likely to lead to a substantial movement in the price of its AIM securities.

Disclosure of corporate transactions

Substantial transactions

12. A substantial transaction is one which exceeds 10% in any of the class tests. It includes any transaction by a subsidiary of the AIM company but excludes any transactions of a revenue nature in the ordinary course of business and transactions to raise finance which
do not involve a change in the fixed assets of the AIM company or its subsidiaries.

An AIM company must issue notification without delay as soon as the terms of any substantial transaction are agreed, disclosing the information specified by Schedule Four.

Related party transactions
13. This rule applies to any transaction whatsoever with a related party which exceeds 5% in any of the class tests.

An AIM company must issue notification without delay as soon as the terms of a transaction with a related party are agreed disclosing:

♦ the information specified by Schedule Four;
♦ the name of the related party concerned and the nature and extent of their interest in the transaction; and
♦ a statement that with the exception of any director who is involved in the transaction as a related party, its directors consider, having consulted with its nominated adviser, that the terms of the transaction are fair and reasonable insofar as its shareholders are concerned.

Reverse takeovers
14. A reverse takeover is any acquisition or acquisitions in a twelve month period which for an AIM company would:

♦ exceed 100% in any of the class tests; or
♦ result in a fundamental change in its business, board or voting control; or
♦ in the case of an investing company, depart materially from its investing policy (as stated in its admission document or approved by shareholders in accordance with these rules).

Any agreement which would effect a reverse takeover must be:

♦ conditional on the consent of its shareholders being given in general meeting;
♦ notified without delay disclosing the information specified by Schedule Four and insofar as it is with a related party, the additional information required by rule 13; and
♦ accompanied by the publication of an admission document in respect of the proposed enlarged entity and convening the general meeting.

Where shareholder approval is given for the reverse takeover, trading in the AIM securities of the AIM company will be cancelled. If the enlarged entity seeks admission, it must make an application in the same manner as any other applicant applying for admission of its securities for the first time.

Fundamental changes of business
15. Any disposal by an AIM company which, when aggregated with any other disposal(s) over the previous twelve months, exceeds 75% in any of the class tests, is deemed to be a disposal resulting in a fundamental change of business and must be:

♦ conditional on the consent of its shareholders being given in general meeting;
♦ notified without delay disclosing the information specified by Schedule Four and insofar as it is with a related party, the additional information required by rule 13; and
accompanied by the publication of a circular containing details of the disposal and any proposed change in business together with the information specified above and convening the general meeting.

Where the effect of the proposed disposal is to divest the AIM company of all, or substantially all, of its trading business, activities or assets the AIM company will, upon completion of the disposal, be treated as an investing company. The notification and circular containing the information specified by Schedule Four convening the general meeting must also state its investing policy to be followed going forward which must also be approved by shareholders.

The AIM company will then have to make an acquisition or acquisitions which constitute a reverse takeover under rule 14 or otherwise implement the investing policy approved at the general meeting to the satisfaction of the Exchange within twelve months of becoming an investing company.

Where an AIM company proposes to take any other action, the effect of which is that it will cease to own, control or conduct all, or substantially all, of its existing trading business, activities or assets (including the cessation of all, or substantially all, of the AIM company's business), the above requirements to notify the action, publish a circular setting out its investing policy going forward, obtain shareholder consent for that investing policy and implement it within twelve months of taking such action, will apply. Shareholder consent for the action itself will not be required.

Aggregation of transactions

16. Transactions completed during the twelve months prior to the date of the latest transaction must be aggregated with that transaction for the purpose of determining whether rules 12, 13, 14 and/or 19 apply where:
   - they are entered into by the AIM company with the same person or persons or their families;
   - they involve the acquisition or disposal of securities or an interest in one particular business; or
   - together they lead to a principal involvement in any business activity or activities which did not previously form a part of the AIM company's principal activities.

Disclosure of miscellaneous information

17. An AIM company must issue notification without delay of:
   - any deals by directors disclosing, insofar as it has such information, the information specified by Schedule Five;
   - any relevant changes to any significant shareholders, disclosing, insofar as it has such information, the information specified by Schedule Five;
   - the resignation, dismissal or appointment of any director, giving the date of such occurrence and for an appointment, the information specified by Schedule Two paragraph (g) and any shareholding in the company;
   - any change in its accounting reference date;
   - any change in its registered office address;
   - any change in its legal name;
any material change between its actual trading performance or financial condition and
any profit forecast, estimate or projection included in the admission document or
otherwise made public on its behalf;
any decision to make any payment in respect of its AIM securities specifying the net
amount payable per security, the payment date and the record date;
the reason for the application for admission or cancellation of any AIM securities;
the occurrence and number of shares taken into and out of treasury, as specified by
Schedule Seven;
the resignation, dismissal or appointment of its nominated adviser or broker;
any change in the website address at which the information required by rule 26 is
available;
any subsequent change to the details disclosed pursuant to sub-paragraphs (iii) to
(viii) inclusive of paragraph (g) of Schedule Two, whether such details were first
disclosed at admission or on subsequent appointment;
the admission to trading (or cancellation from trading) of the AIM securities (or any
other securities issued by the AIM company) on any other exchange or trading
platform, where such admission or cancellation is at the application or agreement of
the AIM company. This information must also be submitted separately to the
Exchange.

Half-yearly reports

18. An AIM company must prepare a half-yearly report in respect of the six month period from
the end of the financial period for which financial information has been disclosed in its
admission document and at least every subsequent six months thereafter (apart from the
final period of six months preceding its accounting reference date for its annual audited
accounts). All such reports must be notified without delay and in any event not later than
three months after the end of the relevant period.

The information contained in a half-yearly report must include at least a balance sheet, an
income statement, a cash flow statement and must contain comparative figures for the
Corresponding period in the preceding financial year. Additionally the half-yearly report
must be presented and prepared in a form consistent with that which will be adopted in the
AIM company's annual accounts having regard to the accounting standards applicable to
such annual accounts.

Annual accounts

19. An AIM company must publish annual audited accounts which must be sent to its
shareholders without delay and in any event not later than six months after the end of the
financial year to which they relate.

An AIM company incorporated in an EEA country must prepare and present these
accounts in accordance with International Accounting Standards. Where, at the end of
the relevant financial period, such company is not a parent company, it may prepare and
present such financial information either in accordance with International Accounting
Standards or in accordance with the accounting and company legislation and regulations
that are applicable to that company due to its country of incorporation.
An AIM company incorporated in a non-EEA country must prepare and present these accounts in accordance with either:

- International Accounting Standards;
- US Generally Accepted Accounting Principles;
- Canadian Generally Accepted Accounting Principles;
- Australian International Financial Reporting Standards (as issued by the Australian Accounting Standards Board); or
- Japanese Generally Accepted Accounting Principles.

The accounts produced in accordance with this rule must provide disclosure of:

- any transaction with a related party, whether or not previously disclosed under these rules, where any of the class tests exceed 0.25% and must specify the identity of the related party and the consideration for the transaction; and
- details of directors’ remuneration earned in respect of the financial year by each director of the AIM company acting in such capacity during the financial year.

Publication of documents sent to shareholders

20. Any document provided by an AIM company to its shareholders, must be made available pursuant to rule 26 and its provision must be notified. An electronic copy of any such document must be sent to the Exchange.

Restriction on deals

21. An AIM company must ensure that its directors and applicable employees do not deal in any of its AIM securities during a close period. In addition, the purchase or early redemption by an AIM company of its AIM securities or sale of any AIM securities held as treasury shares must not be made during a close period.

This rule will not apply, however, where such individuals have entered into a binding commitment prior to the AIM company being in such a close period where it was not reasonably foreseeable at the time such commitment was made that a close period was likely and provided that the commitment was notified at the time it was made.

The Exchange may permit a director or applicable employee of an AIM company to sell its AIM securities during a close period to alleviate severe personal hardship.

Provision and disclosure of information

22. The Exchange may require an AIM company to provide it with such information in such form and within such limit as it considers appropriate. The Exchange may also require the AIM company to publish such information.

23. The Exchange may disclose any information in its possession as follows:

- to co-operate with any person responsible for supervision or regulation of financial services or for law enforcement;
- to enable it to discharge its legal or regulatory functions, including instituting, carrying on or defending proceedings; or
for any other purpose where it has the consent of the person from whom the information was obtained and, if different, the person to whom it relates.

Corporate action timetables

24. An AIM company must inform the Exchange in advance of any notification of the timetable for any proposed action affecting the rights of its existing shareholders.

25. Any amendments to the timetable proposed by the AIM company, including amendment to the publication details of a notification, must be immediately disclosed to the Exchange.

\]

Figures to use for the Gross assets test:

2. The “Gross assets the subject of the transaction” means:
   (a) in the cases of an acquisition of an interest in an undertaking which will result in consolidation of the undertaking’s net assets in the accounts of the AIM company, or a disposal of an interest in an undertaking which will result in the undertaking’s net assets no longer being consolidated in the accounts of the AIM company, the assets the subject of the transaction means the value of 100% of the undertaking’s assets, irrespective of what interest is acquired or disposed.
   (b) in the case of an acquisition or disposal which does not fall within paragraph 2(a), the assets the subject of the transaction means:
      * for an acquisition, the consideration plus any liabilities assumed; and
      * for a disposal, the book value of the assets attributed to that interest in the AIM company’s last audited accounts.
   (c) in the case of an acquisition of assets other than an interest in an undertaking, the assets the subject of the transaction means the book value of the assets.

The Profits test

   (b) the last notified preliminary statement of annual results; or
   (c) in a case where transactions are aggregated pursuant to rule 16, the last such accounts or statement prior to the earliest transaction.

The Turnover test

Turnover attributable to the assets the subject of the transaction \[\times \frac{100}{\text{Turnover of the AIM company}}\]

Figures to use for the Turnover test:
4. The “Turnover of the AIM company” means the turnover figure as stated in the following:
   (a) the last published annual consolidated accounts;

5. The “Consideration” means the amount paid to the vendors, but the Exchange may require the inclusion of further amounts.

   (a) Where all or part of the consideration is in the form of securities to be listed, or traded on AIM, the consideration attributable to those securities means the aggregate market value of those securities.

In circumstances where the above tests produce anomalous results or where the tests are inappropriate to the sphere of activity of the AIM company, the Exchange may (except in the case of a transaction with a related party), disregard the calculation and substitute other relevant indicators of size, including industry specific tests. warning notice

A private letter issued by the Exchange pursuant to the Disciplinary Procedures and Appeals Handbook to an AIM company or nominated adviser outlining a breach of these rules or of the AIM Rules for Nominated Advisers.
Part Two – Guidance Notes

Eligibility for AIM

Rule 1: Nominated adviser

Nominated advisers must be approved by the Exchange. A copy of the register of approved nominated advisers is available on the Exchange’s website, www.londonstockexchange.com/aim, however the definitive copy is kept by the Exchange.

An AIM company can only retain the services of one nominated adviser at any one time.

Where an AIM company needs to notify the loss of its nominated adviser it should first liaise with AIM Regulation so that where no replacement has been appointed the necessary suspension may be put in place to coincide with the notification.

Where a new nominated adviser is appointed a notification will be required under rule 17 and a new nominated adviser’s declaration should be submitted to the Exchange pursuant to the AIM Rules for Nominated Advisers.

Applicants for AIM

Rule 2: Pre-admission announcements

Announcements should be sent by e-mail in the standard format to aimregulation@londonstockexchange.com, AIM Regulation.

The Exchange will arrange for their notification to RNS.

Announcements are disseminated publicly by RNS under the heading “AIM”.

Any issuer may use the usual form of admission process for AIM involving a pre-admission announcement and an AIM admission document at any time. However, a quoted applicant may take advantage of this expedited route where it meets the relevant requirements.

The website (notified in accordance with paragraph (j) of the supplement to Schedule One) may also, to the extent permitted by law, contain other information which the issuer considers may be useful to investors.

Rule 3: Admission document

If at any time after an admission document is submitted and before the date of admission there arises or is noted any material new factor, mistake or inaccuracy relating to the information included in the admission document, a supplementary admission document must be submitted containing details of such new factor, mistake or inaccuracy in accordance with the relevant part(s) of Schedule Two. For the avoidance of doubt, if the admission document is a Prospectus, any supplementary document must comply with the Prospectus Rules.

The admission document may be made available publicly either at a physical location or on the Internet.

A quoted applicant must make the additional disclosures in its pre-admission announcement, which is required by rule 2 and the Supplement to Schedule One.

Where a quoted applicant is also making an offer to the public, whether in the United Kingdom and/or other jurisdictions, it should satisfy itself that there are no legal or regulatory requirements
outside these rules which compel it to produce any form of prospectus. Where there is a requirement for such a prospectus, this should be made available to the public under paragraph (o) of Schedule One as if it were an admission document.

Rule 4: Omissions from admission documents

Where an admission document is also a prospectus under the Prospectus Rules, application for such a derogation should be made to the UKLA United Kingdom Listing Authority (UKLA), which is the competent authority for the United Kingdom. The Exchange itself may not authorise exemptions from any legal requirement under the Prospectus Rules. The UKLA can be contacted through their dedicated help desk on +44 (0)20 7066 8333.

Rule 5: Application documents

The application form and nominated adviser’s declaration should be sent to Issuer Implementation, Market Operations, London Stock Exchange plc, 10 Paternoster Square, London EC4M 7LS by the nominated adviser. The electronic version of the admission document should be sent to admissionsissuerimplementation@londonstockexchange.com.

The application form and nominated adviser’s declaration are available from the Exchange’s website, www.londonstockexchange.com.

The nominated adviser should liaise with AIM Regulation to confirm that any admission conditions have been met.

Under rule 33 AIM securities must be unconditionally allotted. The Exchange may require proof of allotment for any securities which are being issued on admission. A copy of the applicant’s board minutes allocating such securities or confirmation from its nominated adviser will suffice in most cases.

Allotted includes provisionally allotted securities where such provisional allotments are unconditional. For example, nil paid rights must be allotted without condition (even if further action is required by the holders of provisional allotments to transform them into another class of securities such as fully paid shares).

Rule 6: Admission to AIM

Note also rules 32 and 33 (in respect of free transferability and allotment).

A dealing notice will be released through RNS under the heading “AIM”.

Special conditions for certain applicants

Rule 7: Lock-ins for new businesses

To minimise the risk of parties to lock-in arrangements subsequently being deemed to constitute concert parties under the City Code on Takeovers and Mergers, applicants or their advisers may wish to consult the Panel on Takeovers and Mergers, 10 Paternoster Square, London EC4M 7LS (telephone +44 (0)20 7822 8000) prior to drafting any lock-in agreement.

The Exchange will not require a substantial shareholder to be the subject of a lock-in under rule 7 where that shareholder became a substantial shareholder at the time of an AIM company’s admission and at a price which was more widely available, for example as part of an offer to the public.
Rule 8: Investing companies

The investing policy must be sufficiently precise and detailed so that it is clear, specific and definitive. The investing policy must be prominently stated in the admission document and any subsequent circular relating to the investing policy, for example pursuant to rules 8, 14 or 15. The investing policy should be regularly notified and at a minimum should be stated in the investing company’s annual accounts.

The circular convening a meeting of shareholders for the purposes of obtaining consent for a change in investing policy should contain adequate information about the current and proposed investing policy and the reasons for and expected consequences of any proposed change. It should also contain the information required by paragraph 4.2 of the AIM Note for Investing Companies.

In making the assessment of what constitutes a material change to the published investing policy, consideration must be given to the cumulative effect of all the changes made since shareholder approval was last obtained for the investing policy or, if no such approval has been given, since the date of admission. Any material change to the specific points set out in the definition of investing policy is likely to constitute a material change requiring shareholder consent.

In making the assessment of whether or not an investing company has substantially implemented its investing policy, the Exchange would consider this to mean that the investing company has invested a substantial portion (usually at least in excess of 50%) of all funds available to it, including funds available through agreed debt facilities, in accordance with its investing policy.

In relation to any requirement to obtain shareholder approval of the investing policy in these rules, if such shareholder approval is not obtained, the AIM company would usually be expected to propose amendments to its investing policy and seek shareholder approval for those amendments, as soon as possible. A resolving action such as the return of funds to shareholders should be considered if consent is again not obtained. The nominated adviser must keep the Exchange informed if such a situation occurs. For the avoidance of doubt, if shareholder approval for the change to investing policy is not obtained, the company’s existing investing policy will continue to be effective.

Rule 9: Other conditions

The Exchange can impose a delay of no more than ten business days under rule 9. At the end of this period, the nominated adviser must decide whether and if so, when, to proceed.

Principles of disclosure

Rule 10: Principles of disclosure

Where it is proposed to announce at any meeting of shareholders information which might lead to substantial movement in the price of those securities, arrangements must be made for notification of that information so that the disclosure at the meeting is made no earlier than the time at which the information is notified.

A list of Regulatory Information Service providers can be found on the Exchange’s website, www.londonstockexchange.com/aim.
General disclosure of price sensitive information

Rule 11: General disclosure

(a) The requirements of rule 11 are in addition to any requirements regarding notification contained elsewhere in the rules.

(b) An AIM company need not notify information about impending developments or matters in the course of negotiation and may give such information in confidence to the following category of recipient:

(i) the AIM company’s advisers and advisers of any other persons involved or who may be involved in the development or matter in question;

(ii) persons with whom the AIM company is negotiating, or intends to negotiate, any commercial, financial or investment transaction (including prospective underwriters or places of its securities);

(iii) representatives of its employees or trades unions acting on their behalf; and

(iv) any government department, the Bank of England, the Competition Commission or any other statutory or regulatory body or authority.

The AIM company must be satisfied that such recipients of information are aware that they must not trade in its AIM securities before the relevant information has been notified.

(c) However, if the AIM company has reason to believe that a breach of such confidence has occurred or is likely to occur and, in either case, the matter is such that knowledge of it would be likely to lead to substantial movement in the price of its AIM securities, it must without delay issue at least a warning notification to the effect that it expects shortly to release information regarding such matter.

(d) Where such information has been made public the AIM company must notify that information without delay.

Disclosure of corporate transactions

Rules 12 and 13: Substantial and related party transactions

Note the definition of a substantial transaction is different from that of a related party transaction.

A transaction under this rule includes non pre-emptive issues of securities.

Rule 14: Reverse take-overs

The admission document must be made available to the public under rule 26.

An AIM company, subject to the UK Companies Act 2006, is able to send an admission document (subject to any other applicable regulations, including the Prospectus Rules where it is a Prospectus) to shareholders in compliance with this rule if it is sent by electronic communication in compliance with the applicable guidance notes to rules 18 and 19 requirements of the UK Companies Act 2006, together with the notice of the shareholder meeting required by rule 14.

Following the announcement of a reverse takeover that has been agreed or is in contemplation, the relevant AIM Securities will be suspended by the Exchange until the AIM company has published an admission document in respect of the proposed enlarged entity unless the target is a listed company or another AIM company.

It should be noted that the Exchange expects the negotiations leading to a reverse takeover to be kept confidential, as allowed by the guidance to rule 11, until the point at which the AIM...
company can notify that a binding agreement that effects a reverse takeover has been entered into, which should, as far as is possible, be accompanied by the publication of the requisite admission document. If for any reason this is not possible, the nominated adviser should seek the advice of the Exchange at the earliest opportunity.

If the new entity wishes its securities to be admitted, it will need to issue a ten day announcement pursuant to rule 2. In addition, it will need to submit a further fee, an electronic version of its admission document, a nominated adviser’s declaration and a company application form at least three business days prior to admission pursuant to rule 5 and abide by all other requirements to which an applicant may be subject under these rules.

However, the new entity may make an application in advance of the general meeting so that its securities are admitted on the day after the general meeting which approves the reverse takeover.

Rule 15: Fundamental changes of business
The consent of shareholders for a disposal or any other action coming within rule 15 may not be required where it is as a result of insolvency proceedings. An AIM company must nevertheless seek the consent of shareholders for its proposed investing policy. The Exchange should be consulted in advance in such circumstances.

The nominated adviser must inform the Exchange when an AIM Company for which it acts becomes an investing company.

Where a company becomes an investing company pursuant to rule 15 and such company does not make an acquisition(s) which constitutes a reverse takeover under rule 14, or otherwise implements its investing policy within twelve months in accordance with the rule, the Exchange will suspend such a company pursuant to rule 40.

Rule 16: Aggregation of transactions
The Exchange will only consider that an AIM company has ‘a principal involvement in any business activity or activities which did not previously form a part of the AIM company’s principal activities’ where collectively a class test for any twelve month period exceed 100%. In cases of doubt the Exchange should be consulted.

Disclosure of miscellaneous information
Rule 17: Miscellaneous information

(a) Significant shareholder disclosures for DTR companies: DTR companies are required to comply with the provisions of the DTR in respect of significant shareholder notifications. All queries relating to the shareholder notification requirements of the DTR should be directed to the FSA.

In addition, DTR companies are required to comply with the significant shareholder disclosures contained in rule 17. However, compliance with the DTR in respect of AIM securities will usually mean that a DTR company is complying with the significant shareholder disclosure obligations in rule 17, save that:

(i) notwithstanding the time limits for disclosure set out in the DTR, DTR companies are required under rule 17 to notify such information “without delay”; and

(ii) the information required to be released pursuant to rule 17 must be notified, rather than ‘made public’ in accordance with the DTR.

A DTR company must inform the Exchange, via its nominated adviser, if the FSA takes any action under Chapter 1A.3.1 of the DTR (FSA’s ability to require publication of information).
(b) **Significant shareholder disclosures for non-DTR companies:** All non-DTR companies are required to use all reasonable endeavours to comply with rule 17 notwithstanding that the local law applicable to some AIM companies does not contain provisions that are similar to the DTR. In that instance, such an AIM company is advised to include provisions in its constitution requiring significant shareholders to notify the relevant AIM company of any relevant changes to their shareholdings in similar terms to the DTR, noting the differences set out at (a)(i) and (ii) above. Such AIM companies are also advised to make appropriate disclosure of the fact that statutory disclosure of significant shareholdings is different and may not always ensure compliance with the requirements of rule 17.

(c) **Where an admission or cancellation of AIM securities is being notified,** the reason need only be brief, e.g. “exercise of options”. Any changes in the number of shares in issue requires liaison with Issuer Implementation/Market Operations (telephone +44 (0)20 7797 1473) so that they can arrange for the appropriate dealing notice to be released.

(d) **Where an AIM company needs to notify the loss of its nominated adviser** it should first liaise with AIM Regulation so that where no replacement nominated adviser has been appointed the necessary suspension pursuant to rule 1 may be put in place to coincide with the notification.

(e) **Where an AIM company changes its legal name** it should send a copy of any change of name certificate to Issuer Implementation/Market Operations, London Stock Exchange plc, 10 Paternoster Square, London EC4M 7LS or by fax to +44 (0)20 7920 4607.

(f) Information required to be submitted to the Exchange should be emailed to aimregulation@londonstockexchange.com.

(g) **The notification** in relation to the trading of AIM company securities on any other exchange or trading platform should include details which exchange or platform (including details of any segment, tier or similar) and which securities this relates to.

**Half-yearly reports and accounts**

**Rule 18 and 19: Half-yearly reports and accounts**

(a) Where the half-yearly report has been audited it must contain a statement to this effect.

In relation to rule 18, the financial period to which financial information has been disclosed in its admission document may be the financial period of the main trading subsidiary of the AIM company, for example, where the AIM company is a holding company. The nominated adviser should contact AIM Regulation if there is any uncertainty as to the reporting timetable required by these rules.

The Exchange will suspend AIM companies which are late in publishing their half-yearly statement or their annual accounts, pursuant to rule 40.

Where an AIM company wishes to change its accounting reference date its nominated adviser should contact AIM Regulation in advance to discuss the revised reporting timeframe.

The requirements set out in rule 19 in relation to an AIM company incorporated in an EEA country apply to financial periods commencing on or after 1 January 2007. For all periods prior to this, such an AIM company may prepare the accounts required under these rules in accordance with UK or US Generally Accepted Accounting Principles.

The Exchange would encourage all AIM companies to use International Accounting Standards both on admission and in the preparation of all post-admission financial information.
The choice of accounting standard should be consistently implemented and any change between those standards available to a particular AIM company should only be made with the prior approval of AIM Regulation.

In respect of each AIM company, the term ‘parent’ should be interpreted in accordance with applicable law. Any other queries over interpretation of these provisions should be addressed by the AIM company’s nominated adviser to AIM Regulation at the earliest opportunity.

Subject to its constitution and any legal requirements in its jurisdiction of incorporation, an AIM company subject to the UK Companies Act 2006 is able to satisfy the requirement in rule 19 to send accounts to shareholders by sending such accounts by electronic communication to shareholders:

(a) ___ in compliance with the requirements of the UK Companies Act 2006; or

(b) ___ providing the following requirements have been satisfied:

   (i) ___ a decision to use electronic communication to shareholders has been approved by shareholders in a general meeting of the AIM company;

   (ii) ___ appropriate identification arrangements have been put in place so that shareholders are effectively informed; and

   (iii) ___ shareholders individually:

      ♦ have been contacted in writing to request their consent to receive accounts by means of electronic communication and if they do not object within 28 days, their consent can be considered to have been given;

      ♦ are able to request at any time in the future that accounts be communicated to them in writing; and

      ♦ are contacted alerting them to the publication of the accounts on an AIM company’s website.

Publication of documents sent to shareholders

Rule 20: Documents sent to shareholders

"Any document" includes the annual audited accounts produced pursuant to rule 19.

An electronic version of any such document should be sent by e-mail to:

aimregulation@londonstockexchange.com.

Restrictions on dealings

Rule 21: Restrictions on dealings

Note that any commitment under rule 21 must have been “binding” which means obligatory for all parties to the agreement at a price agreed or which could be objectively determined.

The "exceptional circumstances" in which the Exchange will grant permission for a director to sell AIM securities are limited to situations where severe personal hardship would otherwise result to a director or his immediate relatives such as the urgent need for a medical operation or to satisfy a court order where no other funds are reasonably available.

Where the nominated adviser to an AIM company feels that a proposed deal by a director of an AIM company should be exempted from the provisions of rule 21 it should contact AIM Regulation (telephone +44 (0)20 7797 4154) without delay to discuss.
Provision and disclosure of information

Rule 22
The AIM company must use all due skill and care to ensure that information provided to the Exchange pursuant to this rule is correct, complete and not misleading.

If it comes to the subsequent attention of the AIM company that information provided does not meet this requirement, the AIM company should advise the Exchange as soon as practicable.

All communications between the Exchange and an AIM company are confidential to the Exchange and its nominated adviser and should not be disclosed without the consent of the Exchange, save to appropriate advisers to the AIM company or as required by any other regulatory body or agency.

Corporate action timetables

Rules 24 and 25: Corporate action timetables
Except in the case of a dividend timetable notification, the reference to ‘in advance’ in rule 24 means that the Exchange should receive the proposed timetable by no later than 09:00 on the business day before the proposed notification.

A dividend timetable which follows the guidelines set by the "Dividend Procedure Timetable", published on the Exchange’s website, www.londonstockexchange.com, need not be disclosed to the Exchange in advance, provided the notification of the dividend includes:

♦ the net amount;
♦ the record and payment dates; and
♦ the availability of any scrip or DRIP options.

A notification is not required for interest payments, however, the Exchange must receive notice of any payment no later than seven business days prior to the record date. This notice must include:

♦ the appropriate net or gross amount;
♦ the record and payment dates; and
♦ any conversion period details.

Where fixed payment details are available the AIM company may use one timetable to inform the Exchange of all future payments, providing any amendments are disclosed to the Exchange immediately.

The timetable for an open offer must ensure that valid claims through the market can be promptly satisfied and must comply with the following:

♦ there must be a period of at least ten business days from the date of posting the application forms to significant shareholders (or from the date on which the existing securities were made ‘ex’ if that is earlier), until the close of the offer. The business days must exclude the ‘ex’ date but may include the application closing date where the time for closing is no earlier than 11:00. Where the ‘ex’ date is earlier than the date of posting, application forms must be posted not less than eight business days before the close of the offer; and
where possible, the open offer record date should be the business day before the expected 'ex' date. A record date preceding the ‘ex’ date by more than three business days will only be approved in exceptional circumstances.

The Exchange may request amendments to a timetable as and when considered necessary. The Exchange will liaise with the AIM Company and its advisers as appropriate. A timetable which has not been cleared in advance with the Stock Situations Analysis team of the Exchange but which has been notified, may be subject to change if required by the Exchange. If this situation occurs a further correcting notification must be made.

Rule 26:

All applicants and AIM companies will have until 20 August 2007 to comply with this rule. Existing AIM companies should notify the website address at which the information required by this rule is available (this can be as part of another notification). New AIM companies will be required to disclose such information on the pre-admission announcement pursuant to rule 2.

The information required by this rule should be kept up-to-date and the last date on which it was updated should be included. The information should be easily accessible from one part of the website and a statement should be included that the information is being disclosed for the purposes of rule 26. Any redirection of a user to other areas of a website or to a document included on the website should be to a specific location for that information. Users should not have to enter search criteria in order to locate information.

The website where this information is available should be the company’s website, although it is acknowledged that such a site may be hosted by a third party provider.

The requirement to disclose restrictions on the transfer of shares relates to the disclosure of jurisdictional exemptions or restrictions that an AIM company is seeking to make use of and that may operate by virtue of non-UK securities laws, such as the US Securities Act 1933 or similar (noting, however, the requirements of rule 32).

An AIM company should take appropriate legal advice on how to make available any prospectus, admission document, circular or similar shareholder publication in compliance with this rule so as not to infringe any securities laws that may apply to it.

The disclosure of information in relation to the trading of AIM company securities on any other exchange or trading platform should include details which exchange or platform (including details of any segment, tier or similar) and which securities this relates to.

“main country of operation” should be interpreted as the geographical location from which the AIM company derives (or intends to derive) the largest proportion of its revenues or where the largest proportion of its assets are (or will be) located, as is most appropriate depending on the business of the company.

Further issues of securities following admission

Rule 28: Omissions from admission documents

Where the further admission document is also a Prospectus, application for omission of information should be made to the UKLA United Kingdom Listing Authority (UKLA), which is the competent authority for the United Kingdom. The Exchange itself may not authorise exemptions from any legal requirement under the Prospectus Rules.

Where the further admission document is not a Prospectus, the information required under section 20 of Annex I may be omitted from the further admission document at the nominated adviser’s discretion (in addition to the information listed in Schedule Two, paragraph (b)). The information covered by section 20 of Annex I (Financial Information) will already be available to the market in the event of further admission if the AIM Company has complied with these rules and therefore there is no need to duplicate that information in the further admission document.
Rule 29: Applications for further issues
Under rule 33 AIM securities must be unconditionally allotted. Accordingly, the Exchange is likely to require proof of allotment for any securities which are being issued on AIM. A copy of the AIM company’s board minutes allocating such securities or confirmation from its nominated adviser will suffice in most cases.

Allotted includes provisionally allotted securities where such provisional allotments are unconditional. For example, nil paid rights must be allotted without condition (even if further action is required by the holders of provisional allotments to transform them into another class of securities such as fully paid shares).

A dealing notice will be released via RNS under the heading “AIM”.

Applications for block admissions should be indicated as such in the “Nature of Admission” section of the application form.

A block admission cannot be used where the securities to be issued under the block admission exceed more than 20% of the existing class of an AIM security. Additionally, block admissions can only be used in the following circumstances:

- employee share schemes;
- personal equity plans;
- dividend reinvestment plans;
- ordinary shares arising from the exercise of warrants; and
- ordinary shares arising from a class of convertible securities.

Where an AIM company wishes to use a block admission in circumstances outside of these it should contact AIM Regulation to discuss.

It is the responsibility of the AIM company to ascertain whether a Prospectus is required under any block admission and the issue of securities pursuant to a block admission.

Rule 30: Language
Where the original documents or information is not in English an English translation may be provided.

Rule 31: Directors responsibility for compliance
Notwithstanding the provisions set out in this rule, each nominated adviser should include in its engagement letter or nominated adviser agreement with each AIM company for which it acts details of what it requires from such company.

Ongoing eligibility requirements

Rule 32: Transferability of shares
Where an AIM company wishes to rely on the exceptions stated in rule 32, its nominated adviser should apply to AIM Regulation for a confirmation of the acceptance of this.

Rule 33: Securities to be admitted
Any change in the number of AIM securities in issue requires liaison with Issuer Implementation with Market Operations (telephone +44 (0)20 7797 1473).
If an **AIM company** is preparing dividend timetables, undertaking any corporate actions or issuing new shares where there are settlement implications, its **nominated adviser** should contact Stock Situation Analysis (telephone +44 (0)20 7797 4225) for prior discussion of the timetable.

Confirmation of allotment must be received no later than 16:30 on the **business day** prior to the intended date of **admission** unless otherwise agreed by the **Exchange**.

**Rule 35: Retention of a broker**

The **broker** will, for all **AIM companies** for which it acts, use its best endeavours to find matching business if there is no registered market maker.

Any **member firm** of the **Exchange** may act as a **broker** subject to any requisite authorisation by any other regulator.

A list of current **member firms** is available on the **Exchange's** website, www.londonstockexchange.com.

There is also a separate list of **brokers** who have already been appointed by **AIM companies** on the **Exchange's** website.

**Rule 36: Settlement**

The **Exchange** will grant derogations from the requirement to be eligible for electronic settlement in only the most exceptional circumstances such as where none of the current electronic systems can cope with settling the **AIM company's** securities or where its local law prohibits such settlement.

For **UK** registered companies a simplified procedure exists for rendering their securities eligible for such settlement under the Uncertificated Securities Regulations 2001 (SI/3755) as amended.

Within the **UK**, issuers may wish to contact **CRESTCo Ltd** contact **Euroclear UK & Ireland**, 33 Cannon Street, London EC4M 5SB (telephone +44 (0)845 9645 648 20 7849 0000).

**Rule 37: General**

Details of fee scales for **AIM companies** and **nominated advisers** are published separately and are available from the **Exchange's** website.

**Maintenance of orderly markets**

**Rule 41: Cancellation**

An **AIM company** should state the reason for **cancellation** in its **notification**.

The **Exchange** should be informed of the intended cancellation by email from the **nominated adviser** to aimregulation@londonstockexchange.com.

The period of **20 twenty business days** is a minimum. Where earlier communication is sent to **shareholders** convening such a meeting, an **AIM company** must **notify** that such meeting has been convened without delay. The **notification** should set out the preferred date of **cancellation**, the reasons for seeking the **cancellation**, a description of how **shareholders** will be able to effect transactions in the **AIM securities** once they have been **cancelled** and any other matter relevant to **shareholders** reaching an informed decision upon the issue of the **cancellation**.
For the avoidance of doubt, the threshold of 75% set out in this rule refers to the percentage of votes cast (rather than 75% of the class) in respect of each class of AIM security. Consent may be granted through shareholders voting in person or by proxy at a general meeting.

Circumstances where the Exchange might otherwise agree that shareholder consent in general meeting is not required would be where:

(a) comparable dealing facilities such as upon an EU regulated market or an AIM Designated Market are or will be put in place to enable shareholders to trade their AIM securities in the future; or

(b) where, pursuant to a takeover which has become wholly unconditional, an offeror has received valid acceptances in excess of 75% of each class of AIM securities.

Cancellation will not take effect until at least five business days have passed since shareholder approval has been obtained and a dealing notice has been issued.

Sanctions and appeals

Rules 44 and 45: Disciplinary process and appeals

Schedule One

(e) “main country of operation” should be interpreted as the geographical location from which the AIM company derives (or intends to derive) the largest proportion of its revenues or where the largest proportion of its assets are (or will be) located, as is most appropriate depending on the business of the company.

(f) The requirement to disclose restrictions on the transfer of shares relates to the disclosure of jurisdictional exemptions or restrictions that an AIM company is seeking to make use of and that may operate by virtue of non-UK securities laws such as the US Securities Act 1933 or similar (noting, however, the requirements of rule 32).

(h) The disclosure of information in relation to the trading of AIM company securities on any other exchange or trading platform should include details which exchange or platform (including details of any segment, tier or similar) and which securities this relates to.

(l) Where there is any uncertainty as to the reporting timetable that would be required, the nominated adviser should consult AIM Regulation in advance in accordance with the guidance to rules 18 and 19.

(k) Where the expected admission date is uncertain, an applicant should notify a broader time-frame (for example ‘early August’).

Supplement to Schedule One

(c) A disclosure as to any breach should only be made after prior consultation with AIM Regulation.
(d) Such documents or announcements must be made available for at least fourteen days following admission at the website required pursuant to rule 26.

(f) This should include any significant change to indebtedness.

(k) In ascertaining whether disclosures are required pursuant to this paragraph, the requirements of Schedule Two should be fully considered. Information made public is that which is made available at an address in the UK or at a website address accessible to users in the UK.

(l) A reconciliation to an applicable accounting standard under Rule 19 may be presented where the accounts are not prepared under those standards although the requirements of Rule 19 will apply on an ongoing basis.

Schedule Two

(a) If upon admission, a Prospectus is required (or voluntarily produced) in accordance with the Prospectus Rules, such Prospectus shall serve as the admission document provided it also includes the information required under Schedule Two, paragraphs (c) – (k). The Exchange itself may not authorise exemptions from any legal requirement under the Prospectus Rules and therefore Schedule Two, paragraph (b) does not apply to Prospectuses.

The persons responsible for the information provided in the admission document are the same persons that would be responsible for the information contained in a Prospectus pursuant to the Prospectus Rules.

The requirements of section 20 of Annex I may be satisfied (other than for a Prospectus) by the inclusion of an accountants’ report in the admission document on the reported historical financial information.

Financial information provided in accordance with these rules must be presented with respect to the applicant and all its subsidiaries and should be in consolidated form when possible.

(b)(i) The information listed in this paragraph need only be included in an admission document to the extent it is required by these rules (in particular Schedule Two, paragraph (k)).

(b)(ii) For financial periods commencing prior to 1 January 2007:

- the guidance to rules 18 and 19 apply for companies incorporated in an EEA country in that such financial information may be prepared in accordance with UK or US Generally Accepted Accounting Principles; and

- an applicant incorporated in a non-EEA country may also prepare such financial information in relation to the third-country issuer provisions comprising part of sub-section 20.1 of Annex I (i.e. taking into account the equivalency measures set out by the Commission for European Securities Regulators’ draft technical guidance on third country equivalence, 05-230)

However, in each case regard must be had to that part of sub-section 20.1 of Annex I that states that the last two years audited historical financial information included in the admission document must be prepared in a form consistent to that which will be adopted in the applicant’s next published annual statements, bearing in mind the ongoing requirements of rule 19.

(d)(iii) Where a nominated adviser gives the confirmation under this rule the Exchange would expect it to be founded upon an appropriate basis such as an accountants’ report.
(g) Whilst directors are usually only required to disclose directorships held over the last five years, the requirements contained in (g)(iv)-(vii) which relate to bankruptcies, receiverships and liquidations are not limited to the last five years.

(k) When considering the information to be included pursuant to this paragraph consideration should be given to the relevance of any information specified in Schedule Two, paragraph (b).

Schedule Three
Further amounts, which may be included as part of consideration, includes for instance where the purchaser agrees to discharge any liabilities, such as the repayment of inter-company or third party debt.
