## London Stock Exchange Reference Data Services Migration Go-Live

Further to our communication [001/14072020](#), the purpose of this Service Announcement is to confirm key dates for the migration of our current London Stock Exchange Reference Data Services to our new Managed File Transfer (MFT) SFTP solution.

The release schedule is provided in the table below, showing parallel run of existing and new connectivity solution:

	Start of MFT SFTP Solution	End of existing FTP Solution
<b>Customer Development Service (CDS) Go-Live</b>	Currently available	Friday 18 September 2020
<b>Production Go-Live</b>	Wednesday 19 August 2020	<b>Friday 16 October 2020</b>

The new MFT SFTP solution in the CDS environment is available via the Internet only. A parallel run with the existing connectivity solution in CDS will remain until **Friday 18 September 2020** when firms will need to be fully migrated to continue receiving LSE Reference Data Services.

The new MFT SFTP solution in the Production environment will be available via Internet and SAP (Extranex, CMC and Hosting) from **Wednesday 19 August 2020**. A parallel run with the existing connectivity solution in Production will remain until **Friday 16 October 2020** when firms will need to be fully migrated to continue receiving LSE Reference Data Services.

Updated Connectivity guide (MIT1001) and Guide to Reference Data Services (MIT401) can be found on the London Stock Exchange website at the below location:

<https://www.londonstockexchange.com/resources/trade-resources?tab=technical-library>

Customers requiring continued access to the London Stock Exchange Reference Data Services will need to provide their Technical Account Manager or the Technical Account Management team with the following information to receive logon credentials:

- SAP ID (if connecting via the LSE Data Centre in Production)
- Internet Source IP Address(es)
- Public Key (Optional)
- A single admin email address and telephone number

There are no planned file structure changes as part of this migration.
