London Stock Exchange Reference Data Services Migration Go-Live Update 2

Further to our communication [001/25092020](#), the purpose of this Service Announcement is to inform customers of updated key dates for the migration of our current London Stock Exchange Reference Data Services to our new Managed File Transfer (MFT) SFTP solution.

For Production and CDS environments, the shutdown of the existing FTP solution will be extended until Q1 2021.

Meanwhile, customers can continue to request enablement and user credentials for the new SFTP MFT Solution for both environments by providing their Technical Account Manager or the Technical Account Management team with the following information to receive logon credentials:

- SAP ID or Internet Source IP Address(es)
- Public Key (Optional)
- A single admin email address and telephone number

Latest Connectivity guide (MIT1001), including new IPs, and Guide to Reference Data Services (MIT401) can be found on the London Stock Exchange website at the below location:

<https://www.londonstockexchange.com/resources/trade-resources?tab=technical-library>

Relates to

Additional Information

If you have any queries, please contact your Technical Account Manager on +44(0)20 7797 3939 or londontam@lseg.com.

An archive of previously issued service announcements is available in the technical library section of London Stock Exchange's Internet site <https://www.londonstockexchange.com/resources/service-announcements>

Customers are reminded that London Stock Exchange may broadcast test data from its Production environment at the weekends which should be discarded and not processed.

Customers are reminded that London Stock Exchange may extend or re-enter the Post Close session for instruments or segments in order to perform necessary end of day activities.
