London Stock Exchange – Introduction of Exchange Level Controls for General Clearing Members

The purpose of the Service Announcement is to introduce a new service, Exchange Level Controls (ELC), which is available to General Clearing Members (GCM) upon request.

ELC is designed to manage the risk of trading users. ELC consists of:

- Real-time gateway level validations.
- Real time risk exposure monitoring, via Risk Monitoring Portal, with kill switch.
- FIX Drop Copy with kill switch.
- Configurable alerts which are triggered when limits are breached.
- Instrument restriction capabilities

Further information about ELC is provided in the Exchange Level Controls Technical Description document found on the following website.

<https://www.londonstockexchange.com/resources/trade-resources?tab=technical-library>

Customers should contact their Technical Account Manager or the Technical Account Management team (londontam@lseg.com) to be enabled on this service.

Relates to
