1. Further to London Stock Exchange Notice N22/08, this Notice provides notification of the hammer prices (as defined in the Rules of the London Stock Exchange) that have been added to the existing list, version 4 issued on 1 October 2008.
2. Version 5 (Hammer Prices V5 10-10-08) is now available as an excel spreadsheet on our website:  
<http://www.londonstockexchange.com/traders-and-brokers/rules-regulations/default-information/lehman-brothers/hammer-prices/hammer-prices.htm>
3. The Exchange advises that hammer prices for the following securities have been added:

<b>Name</b>	<b>ISIN</b>
MAXJET AIRWAYS INC	USU576881002
STANDARD CHARTERED	GB0004082847
ARYZTA AG	CH0043238366
PLIVA D.D.	US72917Q2021

4. The Exchange advises that following the receipt of an objection a revised hammer price has been issued for the following security:

<b>Name</b>	<b>ISIN</b>	<b>INITIAL HAMMER PRICE</b>	<b>REVISED HAMMER PRICE</b>
RELIANCE GDR	US7594701077	93	83.5

In accordance with rule D132 of the London Stock Exchange this revised hammer price is final and is binding on all counterparties concerned. There can, therefore, be no further objections to this hammer price and it shall not be subject to change.

5. The Exchange will add hammer prices to this list as and when they are set and will issue a Stock Exchange Notice and Service Announcement to communicate that a new version of the list is available. Member firms will be able to identify the latest version by way of the version number and date of the excel spreadsheet e.g. V5 10-10-08. All versions of the hammer price list will remain available on the website. The Exchange will highlight which securities have been added by including a "Date Added" column in the hammer price spreadsheet. These additions will also be identified in the Stock Exchange Notice.
6. Any objection to a hammer price must be lodged with the default official, in writing, within five (business) days of the date of notification (i.e. the date on which the given hammer price was added to the list). Any objection should include the grounds and the basis for any alternative price proposed. Further details of the fixing of hammer prices on declaration of default are set out in rules D130 – 133. If the objection is rejected, the Exchange will inform the objector that the price remains unchanged. If the objection is sustained, the Exchange will communicate to all member firms, by way of a Stock Exchange Notice, the revised hammer price and a list of revised hammer prices will be provided.
7. Publication by the Exchange of a hammer price in any particular security should not be interpreted to mean that the Exchange accepts that there are unsettled on Exchange market contracts in any such security. The Exchange's reconciliation process is intended to identify the unsettled market contracts that are on Exchange.
