SCHEDULE 1

AMENDMENTS TO RISK FACTORS

The risk factors set out in the Offering Circular in the section entitled "Risk Factors" on pages 16 to 86 of the Offering Circular shall be amended by inserting the following new risk factor immediately after the risk factor entitled "Green Bonds and Social Bonds" on page 65 of the Offering Circular:

"Notes or Underlying(s) labelled or marketed as having "green", "sustainable", "social", "ESG" or similar objectives

Notes or the Underlying(s) of Notes (e.g. a Security Index) may be described or marketed as having "green", "sustainable", "social", "ESG" or similar objectives.

Notwithstanding the use of such term(s) in the title and/or marketing materials of the Notes or in the description of the Underlying(s), such Notes or Underlying(s) (or the administrator(s) thereof):

• may not meet investors' objectives or expectations as regarding investments which are "green", "sustainable", "social", "ESG" or other similar label; and/or

• may not fulfil legislative or regulatory requirements or criteria as regarding investments which are "green", "sustainable", "social", "ESG" or other similar label (including as set out under the EU Benchmarks Regulation, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so called EU Taxonomy Regulation) or either of those regulations as they form part of the domestic law of the UK).

There is currently no universally agreed framework (legal, regulatory, or any other) or market consensus on what constitutes a "green", "sustainable", "social", "ESG" or similar product or the precise attributes required for a particular product to be defined as such, and no assurance can be given that such a universally accepted framework or consensus will develop over time. While there have been regulatory efforts in some jurisdictions and regions (particularly within the European Economic Area and the UK) to define similar concepts, the legal and regulatory framework governing sustainable finance is still developing and there can be no assurance that these local regimes will be more widely adopted in global financial markets.

Accordingly, no assurance can be given to investors that any product will meet any or all of the investor's objectives or expectations regarding investments which are "green", "sustainable", "social", "ESG" or other similar label or that no environmental, social and/or other impacts will occur in the implementation of the product."
SCHEDULE 2
